Basic Plan

CAHP Health Benefits Trust
Preferred Provider Organization (PPO)

Sponsored by California Association of Highway Patrolmen
Medical Claims Administered by Anthem Blue Cross (BC)
on Behalf of Anthem BC Life & Health Insurance Company

Approved by the CalPERS Board of Administration Under the
Public Employees’ Medical & Hospital Care Act (PEMHCA)
The CAHP Health Benefits Trust (the Plan) has a Memorandum of Agreement (the Agreement) with the California Public Employees’ Retirement System (CalPERS). This Plan is a self-insured plan. The benefits of the Plan are provided while Medically Necessary for the Subscriber and enrolled Family Members for a covered illness, injury or condition, subject to all of the terms and conditions of the Evidence of Coverage.

Medical, Hospital, mental disorders and chemical dependency, and health promotion program claims administration is provided by Anthem Blue Cross Life & Health Insurance Company in accordance with an Administrative Services Agreement between the CAHP Health Benefits Trust and Anthem Life. Prescription Drug benefits are administered by Express Scripts.

The benefits of the Plan shall be provided only to the extent that services are determined to be Medically Necessary, as defined herein. The determination of medical necessity shall be made by Blue Cross. The fact that a Physician or other provider prescribes or orders the services does not, of itself, make it Medically Necessary or a Covered Expense.

IMPORTANT

No person has the right to receive any benefits of this Plan following termination of coverage, except as specifically provided under the TERMINATION AND RELATED PROVISIONS section in this Evidence of Coverage.

Benefits of this Plan are available only for services and supplies furnished during the term the Plan is in effect and while the benefits you are claiming are actually covered by this Plan.

Reimbursement may be limited during the term of this Plan as specifically provided under the terms in this Evidence of Coverage. Benefits may be modified or eliminated upon subsequent years’ renewals of this Plan. If benefits are modified, the revised benefits (including any reduction in benefits or the elimination of benefits) apply for services or supplies furnished on or after the effective date of modification. **There is no vested right to receive the benefits of this Plan.**

HEALTH PROMOTION PROGRAM

This Plan provides benefits for smoking cessation and weight management to help support your goal to develop and maintain a healthier lifestyle. Please refer to the HEALTH PROMOTION PROGRAM on page 72 for additional information.

ORGAN DONATION

Each year, organ transplantation saves thousands of lives. The success rate for transplantation is rising, but there are far more potential recipients than donors. More donations are urgently needed.

Organ donation is a singular opportunity to give the gift of life. Anyone age 18 or older and of sound mind can become a donor when he or she dies. Minors can become donors with parental or guardian consent.

Organ and tissue donations may be used for transplants and medical research. Today it is possible to transplant more than 25 different organs and tissues; this can save the lives of as many as eight people and improve the lives of another 50 people. Your decision to become a donor could someday save or prolong the life of someone you know, perhaps even a close friend or family member.

If you decide to become a donor, please discuss it with your family. Let your physician know your intentions as well. You may register as a donor by obtaining a donor card from the Department of Motor Vehicles. Be sure to sign the donor card and keep it with your driver's license or identification card. In California, you may also register online at www.donatelifecalifornia.org/.

While organ donation is a deeply personal decision, please consider making this profoundly meaningful and important gift.
ADVANCE HEALTH CARE DIRECTIVE

It is your RIGHT to make decisions concerning your own health, including the right to choose or refuse medical treatment.

Laws are designed to protect your health information and limit who can review it. Your treatment is between you and your physician, and you have the final decision on the course of treatment.

An Advance Health Care Directive (AHCD) is a document that instructs others about your care should you be unable to make decisions on your own. It provides a clear statement of wishes about your choice to prolong your life or to withhold or withdraw treatment.

Forms are available through community and senior service organizations, some physicians, hospitals and hospice programs. Specifically, the Californian Hospital Association has a form that can be downloaded at [www.calhealth.org/download/advancedirective.doc](http://www.calhealth.org/download/advancedirective.doc).

Choices about the end of life are important for all adults – not just the older population. Not only does an advance directive let your voice be heard about what you want, but it also relieves others the burden of making these decisions for you.

PREVENTIVE MEDICAL MISTAKES

While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more and understanding your risks, you can improve the safety of your own health care, and that of your family members. Take these simple steps:

Tell all your health-care providers if you have medication allergies or sensitivities.

Provide your doctor(s) with a written list of all the medications your take – including vitamins, herb or other over-the-counter drugs.

Bring an “advocate” with you to the doctor’s office or hospital. If you can’t ask questions or take notes, this person can do it for you. Take your list of medications along with you as well.

Ask questions about any new medications you are given. Pills should look the same each time. If they don’t, you could be getting the wrong medication. If you get any injections, ask what they are and what they’re for.

Immediately report any medication problems to your doctor.

Insist that all health-care providers wash their hands or wear sterile gloves. Have your advocate post a sign above your bed saying, “Please wash your hands before you touch me.”

Be assertive if something seems wrong or different than usual.

Spend the least possible time in the hospital. The longer you stay, the greater your chances are of picking up a hospital-acquired infection.

STOP HEALTH CARE FRAUD

Fraud in our nation’s health care system results in losses of millions of dollars every year. It increases the cost of health care for everyone including increases to your CAHP Health Benefits Trust Premiums.

Here are some things that you can do to prevent fraud:

Carefully review explanation of benefits (EOBs) that you receive from the Trust.

Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill the Plan to get it paid.

Do not ask your Physician to make false entries on certificates, bills or records in order to get the Plan to pay for an item or service.

If you suspect that a Physician has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:

1. Call the Physician and ask for an explanation. There may be an error.
2. If the provider does not resolve the matter, call Anthem Blue Cross member services and explain the situation.
3. If it is not resolved, contact the Department of Insurance:

   CDI Fraud Division Intake Unit
   PO Box 277320
   Sacramento, CA 95827
   www.insurance.ca.gov/0300-fraud/
   (800) 927-HELP (4357)

Do not maintain ineligible family members on your policy. Former spouses, after a divorce decree or annulment is final (even if a court order stipulates otherwise), are not eligible to continue coverage as your dependent nor are children under the age of 26 who are not yours and for whom you have no legal or financial obligation. These dependents may be entitled to CONTINUATION OF COVERAGE please refer to page 94 for specific information and limitations.

Immunizations for infants and children are recommended in accordance with recommendations of the American Academy of Pediatrics, the American Academy of Family Physicians, and Anthem Blue Cross’ adopted guidelines under Healthy Living. Visit www.anthem.com/ca for Anthem Blue Cross’ adopted guidelines under Healthy Living. Please talk to your medical professional about recommended exams, screenings, vaccines and individual risk factors when making decisions about diagnostic tests. Benefits will be paid according to the Preventive Care benefits listed under the section Routine Physical Exam on page 60.
The CAHP Health Benefits Trust (the Trust) is a self-insured health and welfare trust that is sponsored by the California Association of Highway Patrolmen (CAHP) and approved by the California Public Employees’ Retirement System (CalPERS), Board of Administration.

The Trust provides comprehensive health care coverage exclusively to members and Employees of the CAHP under a preferred provider arrangement that is annually negotiated with Anthem Blue Cross.

The Trust contracts directly with Anthem Blue Cross Life and Health Insurance Company (Anthem Blue Cross Life and Health), an affiliate of Anthem Blue Cross, as Claims Administrator of the medical and health promotion program benefits offered herein. As used in this Evidence of Coverage, the term "Anthem Blue Cross" shall be used for convenience to refer to both Anthem Blue Cross and Anthem Blue Cross Life and Health Insurance Company.

The Trust maintains a separate administrative services agreement with Express Scripts, to administer and provide prescription drug benefits to eligible Plan Members. These services include administration of the Retail Pharmacy Program and the Home Delivery Program.

Please take the time to familiarize yourself with this booklet. As a CAHP Health Plan Member, you are responsible for meeting the requirements of the Plan.

- As a CAHP Health Benefits Trust Plan Member, you should understand that future health care premiums are directly determined by claims utilization. Any personal effort you can make to control costs will help keep your future monthly out-of-pocket premium cost at a minimum.
Anthem Blue Cross, on behalf of the Trust, shall issue to the Member and Family Members an identification card. The Trust shall issue to the Member an Evidence of Coverage booklet setting forth a statement of the services and benefits to which the Member and Family Members are entitled. Possession of an identification card confers no right to services or other benefits of this Plan. To be entitled to services or benefits, the holder of the card must, in fact, be a Member on whose behalf applicable fees under this Plan have actually been paid. Any person receiving services or other benefits to which he or she is not then entitled pursuant to the provisions of this Plan is chargeable therefore at prevailing rates.
The Prudent Buyer Plan Network is subject to change. It is your obligation to be sure that the provider you choose has a Prudent Buyer Plan Agreement in effect.

Benefits for Non Prudent Buyer Plan Providers are strictly limited. Detailed information on how benefits are determined is found under PRUDENT BUYER PLAN BENEFITS, in the section titled DETERMINATION OF COVERED EXPENSE. Information on how providers are paid is found in the PAYMENT RATES section. Please read these sections carefully.

IMPORTANT NOTE: Please be aware that it is your responsibility and in your best financial interest to verify that the health care providers treating you have current Prudent Buyer Plan participating provider status for:

- The Hospital or other facility where care will be given. After verifying that the Hospital or their facility is a Prudent Buyer Plan Provider, you should not assume all providers at that Hospital are also Prudent Buyer Plan Providers. To receive the maximum benefits under this Plan, you should request that all your provider services (such as services by an anesthesiologist or emergency room Physician) be performed by Prudent Buyer Plan Providers whenever you enter a Hospital or other facility.

- The provider you select or to whom you are referred at the specific location at which you will receive care. Some providers participate at one location, but not at others.

- The Physician providing your care, especially anesthesiologists, emergency room Physicians, pathologists and radiologists.

Prudent Buyer Plan Providers may refer Members to Non-Prudent Buyer Plan Providers. If an Authorized Referral is not obtained prior to incurring services from a Non-Prudent Buyer Plan Provider, such services will be paid at the reduced Non-Prudent Buyer Plan rate specified in this Evidence of Coverage. Approved Authorized Referral services will be paid at the higher Prudent Buyer Plan Provider rate specified in this Evidence of Coverage. Authorized Referrals are explained on page 115 in the DEFINITIONS section of this Evidence of Coverage.

If you are in doubt about the status of any provider, call Anthem Blue Cross for a determination:

1-800-759-5758

It is important to know that when you enroll in the CAHP Health Benefits Trust Plan, services are provided through the Plan’s delivery system, but the continued participation of any one doctor, Hospital or other provider cannot be guaranteed.
HOW TO USE YOUR PLAN

PRUDENT BUYER PLAN NETWORK

Your CAHP Health Benefits Trust Plan offers you the flexibility and freedom to select any provider of your choice. However, you will experience maximum savings when you choose a Prudent Buyer Plan Provider.

Anthem Blue Cross has established and maintains a preferred provider arrangement with Physicians, Hospitals, Skilled Nursing Facilities, Home Health Agencies, Ambulatory Surgical Centers, chiropractors, physical therapists, acupuncturists, speech pathologists, Durable Medical Equipment Supply Outlets, Home Infusion Therapy Providers, Clinical Laboratories, and Diagnostic Imaging Facilities, known as the Prudent Buyer Plan Network.

The extensive network of Prudent Buyer Plan Providers includes more than 45,000 Physicians in private practice and over 400 Hospitals throughout California. (Also, providers in certain areas of Arizona, Nevada and Oregon may contract with the Prudent Buyer Plan Network).

Anthem Blue Cross has organized certain Prudent Buyer Plan Physicians to provide Urgent Care services to Members in the Physician’s office without requiring a regular scheduled appointment. Members should be able to locate a Physician who is a Prudent Buyer Plan Provider in the Urgent Care Network by calling Anthem Blue Cross at 1-800-759-5758 or by visiting the website at www.anthem.com/ca.

Prudent Buyer Plan Providers have agreed to accept a reduced rate for the services they provide to Plan Members. Your co-payment is a lower percentage of these already discounted rates, so the amount you have to pay out of your pocket is less.

Utilizing the Prudent Buyer Plan Network

The Prudent Buyer Plan Network is subject to change. It is your responsibility to make sure that the Provider you choose or have been referred to is a Prudent Buyer Plan Provider, in case there have been any changes since your Prudent Buyer Plan Provider directory was published.

As a CAHP Health Benefits Trust Plan Member, when you receive services from a Prudent Buyer Plan Provider, no claim forms need to be completed by you. Your Prudent Buyer Plan Provider has agreed to bill Anthem Blue Cross directly.

To help ensure that your Prudent Buyer Plan Provider bills for you:

- When you schedule an appointment, confirm with the provider that he or she is a Prudent Buyer Plan Provider.
- Present your CAHP Health Benefits Trust identification card on the first visit to the provider.
- Ask your providers if they have on file an assignment of benefits for you (This assignment ensures that Anthem Blue Cross shall make direct payment to your provider).
- If your providers request that you pay for services at the time of your visit, remind them that as Prudent Buyer Plan Providers, they should bill Anthem Blue Cross for payment. However, you will be required to pay a $20 co-payment in advance for office visits provided by Prudent Buyer Plan Physicians who are licensed medical doctors (M.D.s), licensed doctors of osteopathy (D.O.s), licensed doctors of podiatry (D.P.M.s), and registered dietitians (R.D.s), and you may be asked to pay any other applicable co-payments in advance.
When you receive covered services from a Prudent Buyer Plan Provider, your required co-payment will be a percentage of the discounted Prudent Buyer Negotiated Rate. The Negotiated Rate is guaranteed to reduce your out-of-pocket costs for covered services and also saves your Trust fund valuable claims dollars, which helps to hold down the percentage of future premium increases. You may request a list of Prudent Buyer Plan Providers by calling Anthem Blue Cross at 1-800-759-5758.

Visit the website at www.anthem.com/ca to obtain a listing of Prudent Buyer Plan Providers and other valuable information about Anthem Blue Cross.

When you receive services from a Non-Prudent Buyer Plan Provider, allowable expense will be determined at the Customary and Reasonable Charge, Reasonable Charge, or the applicable Non-Prudent Buyer Plan Provider rate or fee schedule for this plan. Charges in excess of the Non-Prudent Buyer Plan Provider allowable amounts are the Member’s responsibility. This will result in a higher out-of-pocket cost to you, and shall also increase the claims expense paid by your Trust fund.

Non-Prudent Buyer Plan Provider Referrals

You will receive maximum Plan benefits when you receive health care services from a Prudent Buyer Plan Provider. Reimbursement for services received by a Non-Prudent Buyer Plan Provider is strictly limited. You may be required to pay for services in advance, and file your own claim.

A Prudent Buyer Plan Provider will use their best efforts, but is under no obligation to refer you to another Prudent Buyer Plan Provider. In order to maximize payment for Covered Expense and to receive the higher rate of payment, you may ask to be referred to a Prudent Buyer Plan Provider and should make sure that the provider you are referred to is a Prudent Buyer Plan Provider. Otherwise, unless you obtain an Authorized Referral prior to receiving services from a Non-Prudent Buyer Plan Provider, such services will be paid at the lower Non-Prudent Buyer Plan Provider rate stated under PAYMENT RATES. Authorized Referral is explained on page 115 in the DEFINITIONS section of this Evidence of Coverage.

Centers of Medical Excellence

Anthem Blue Cross has established a separate Centers of Medical Excellence (CME) bariatric facilities network. Hospitals included in this CME network have been organized to provide services for bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss programs. Bariatric surgical procedures are covered only when performed at an approved CME. A Prudent Buyer Plan Provider is not necessarily a CME facility. Please refer to MEDICAL MANAGEMENT PROGRAMS section beginning on page 29 for information regarding obtaining advance authorization for Bariatric Surgery.

Providers Not Represented in the Prudent Buyer Plan Network

Although there is a large selection of Prudent Buyer Plan Providers, there are some specialties not fully represented in the network such as ambulance providers and audiologists.

If a Physician specialty is represented in the network but limited in geographical areas (i.e., rural areas), such specialty would not be included in the definition of Providers Not Represented in the Prudent Buyer Plan Network. However, services received from these Non-Prudent Buyer Plan Providers may be eligible for an Authorized Referral as stated under GENERAL DEFINITIONS on page 115.
Non-Prudent Buyer Plan Providers

Providers who are not in our Prudent Buyer network are Non-Prudent Buyer Plan Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. For covered services you receive from a Non-Prudent Buyer Plan Provider the allowable amount will be based on the applicable Non-Prudent Buyer Plan Provider rate or fee schedule for this plan, an amount negotiated by Anthem Blue Cross or a third party vendor which has been agreed to by the Non-Prudent Buyer Plan Provider, an amount derived from the total charges billed by the Non-Prudent Buyer Plan Provider, an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the amount of allowable expense upon the level or method of reimbursement used by CMS, Anthem will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are not contracted for this product, but are contracted for other products, are also considered Non-Prudent Buyer Plan Providers. For this Plan, the allowable amount for services from these providers will be one of the methods shown above unless the provider’s contract specifies a different amount.

OUTPATIENT PRESCRIPTION DRUG BENEFITS

Benefits for outpatient Prescription Drugs, administered by Express Scripts are included in your comprehensive CAHP Health Benefits Trust Plan coverage. Please refer to the section titled OUTPATIENT PRESCRIPTION DRUG BENEFITS located on page 75 for additional benefit information.

Although Generic Drugs are not mandatory, the Trust encourages you to purchase generics whenever possible in order to save valuable claims dollars that will help keep the cost of providing benefits for outpatient Prescription Drugs affordable. By law, Generic Drugs meet the same federal standards of purity, effectiveness, strength, and safety as their Brand Name equivalents. Utilizing Generic Drugs helps to manage the increasing cost of health care without compromising the quality of your pharmaceutical care.

Retail Pharmacy Benefits

To receive maximum Plan benefits, make sure you have your Prescription filled at a Participating Pharmacy. Express Scripts contracts with over 70,000 retail pharmacies within the United States. Information regarding Participating Pharmacies may be obtained by calling Express Scripts at 1-800-711-0917, or by logging on to www.express-scripts.com. Present your CAHP Health Benefits Trust identification card and prescription(s) to the pharmacist at the time of your purchase. Please refer to the section titled OUTPATIENT PRESCRIPTION DRUG BENEFITS for additional benefit information.

Mail Order Program

Another option that will result in extra savings to both you and the Trust is to purchase your ongoing maintenance medication through the mail order program administered by Express Scripts. Or you may now fill your maintenance prescriptions at a local CVS or Walgreens for up to a 90-days supply and pay the mail order copay.

The mail order program offers the convenience of home delivery and the security of being able to order a larger supply of medication, which is ideal for Members who require maintenance medications for the treatment of such chronic conditions as arthritis, heart disease, diabetes or hypertension. Your order is usually filled within 48 hours of receipt and your medication will be sent to you via US Mail or UPS along with instructions for future refills, if applicable. After processing, please allow approximately one week for normal delivery. You may purchase up to a 90-day supply of medication.

NOTE: To assure the maximum amount of medication is dispensed through the Mail Order Program, the physician must indicate a 90-day supply along with the appropriate directions to fill a 90-day supply. If the Physician indicates a 30-day supply and your prescription is processed through the Mail Order Program, you will receive a 30-day supply at the Mail Order co-payment.

Please refer to OUTPATIENT PRESCRIPTION DRUG BENEFITS for additional benefit information.
WHEN YOU SUBMIT BILLS

Members filing claims for services received from a Non-Prudent Buyer Plan Provider, a Related Health Provider or a Non-Behavioral Health Access Provider must submit itemized bills attached to a CAHP claim form to the following address:

Anthem Blue Cross
Attn: CAHP Unit
P.O. Box 60007
Los Angeles, CA 90060-0007
1-800-759-5758

To obtain CAHP medical claim forms, please call Anthem Blue Cross at the telephone number listed above.

To obtain claim forms for the reimbursement for prescription drugs purchased from a Non-Participating Pharmacy, please call Express Scripts at 1-800-711-0917 or visit www.express-scripts.com.

NOTE: The Trust is not liable for the benefits of this Plan if claims are not filed within the periods listed below:

- Medical claims must be submitted to Anthem Blue Cross within 90 days of the date services are received. If it is not reasonably possible to submit the claim within that timeframe, an extension of up to 12 months will be allowed. Claim forms and itemized bills must be used; cancelled checks or receipts are not acceptable.

- Claims for outpatient Prescription Drugs purchased at a Non-Participating Pharmacy must be submitted to Express Scripts at the address listed under OUTPATIENT PRESCRIPTION DRUG BENEFITS within 90 days of the purchase date. If it is not reasonably possible to submit the claim within that timeframe, an extension of up to nine months will be allowed. Claim forms and itemized pharmacy receipts must be used; cancelled checks or receipts are not acceptable.

- HEALTH PROMOTION PROGRAM claims must be submitted to Anthem Blue Cross with the signed Certificate of Completion, Reimbursement Form and receipts within 90 days of the program completion. If it is not reasonably possible to submit the claims within that timeframe, an extension of up to 12 months will be allowed. Claim forms must be used; cancelled checks or receipts alone are not acceptable. Please refer to the HEALTH PROMOTION PROGRAMS section of this Evidence of Coverage.

WHEN YOU TRAVEL

Remember: Payment for medical and hospital services received outside of the Prudent Buyer Plan Network, including services received in a foreign country, for other than Emergency Care is strictly limited. Please refer to PAYMENT RATES under the PRUDENT BUYER PLAN BENEFITS section of this Evidence of Coverage.

Inside the United States. Anthem Blue Cross has a relationship with the Blue Cross and Blue Shield Association which administers a national program called “BlueCard Program”. When you travel outside California and receive covered health care services, you do not need to file a claim form. The BlueCard
When you submit bills

The program allows providers throughout the United States to file claims with the local Blue Cross and/or Blue Shield Plan.

Outside the United States. Your Plan benefits are provided for covered services received anywhere in the world. If you are in a foreign country and have services or supplies furnished and billed by a provider outside the United States, you may have to pay the bill and then send a completed claim form and itemized bill, written in English, to Anthem Blue Cross to be reimbursed.

When you reside out-of-state

If you reside outside of California and require medical care or treatment, providers will submit claims for services to the on-site Blue Cross and/or Blue Shield Licensee (“Host Blue”) under the Blue Cross and Blue Shield Association’s BlueCard Program described above under WHEN YOU TRAVEL. Providers available to you through the BlueCard Program have not entered into contracts with Anthem Blue Cross. If you have any questions or complaints about the BlueCard Program, please call Anthem Blue Cross at 1-800-759-5758.

This Plan was designed primarily for California residents. If you receive services outside of California (other than for Emergency Care), your benefits will be significantly reduced; Covered Expense for providers outside of California will be determined as for Non-Prudent Buyer Plan Providers. Payment levels for such providers will also be determined at the Non-Prudent Buyer level of payment.

NOTE: For covered services you receive from a Non-Prudent Buyer Plan Provider the allowable amount will be based on the applicable Non-Prudent Buyer Plan Provider rate or fee schedule for this plan. All charges in excess of the Non-Prudent Buyer Plan Provider the allowable amount shall be the Member’s responsibility and shall not apply to the maximum annual Out-of-Pocket Expense. Please refer to PAYMENT RATES and DETERMINATION OF COVERED EXPENSE under the PRUDENT BUYER PLAN BENEFITS section and also to the GENERAL DEFINITIONS section of this Evidence of Coverage.

Exceptions: Providers in certain areas of Arizona, Nevada and Oregon may contract with the Prudent Buyer Plan Network. During the plan year 2009, there was a significant reduction in the Prudent Buyer Plan Network in Nevada as compared to previous years.
MEDICAL NECESSITY

Except for the preventive benefits which are specifically listed in this Evidence of Coverage and benefits provided under HEALTH PROMOTION PROGRAM, benefits are provided only for services, procedures, equipment or supplies which are Medically Necessary and delivered with optimum efficiency.

The fact that a Physician or other provider may prescribe, order, recommend or approve a service or supply does not, in itself, make it Medically Necessary even though it is not specifically listed as an exclusion or limitation.

Medically Necessary shall mean health care services that a Physician, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are:

1. In accordance with generally accepted standards of medical practice.
2. Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient’s illness, injury or diseases; and
3. Not primarily for the convenience of the patient, Physician or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient’s illness, injury or disease.

For these purposes “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

Hospital services, procedures, equipment and supplies which are generally not considered Medically Necessary on an inpatient basis include, but are not limited to:

- Diagnostic studies that could have been provided on an outpatient basis;
- Medical observation or evaluation;
- Removal of the patient from his or her customary work or home for rest, relaxation, personal comfort or environmental change;
- Pain management centers to treat or cure chronic pain;
- Pre-operative workups for the night before surgery;
- Rehabilitative services.
- Outpatient services may also be deemed to be not Medically Necessary.

Anthem Blue Cross reserves the right to review all medical claims to assure that services and supplies are Medically Necessary and whether any exclusions or limitations apply as specified in this Evidence of Coverage.

MEDICAL POLICY

Anthem Blue Cross reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the investigational status or medical necessity of new technology. Guidance and external validation of Anthem Blue Cross’ medical policy is provided by their Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 physicians from various medical specialties including Anthem Blue Cross’ medical directors, physicians in academic medicine and physicians in private practice. Conclusions made are incorporated into medical policy used to establish decision
protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Anthem Blue Cross has developed general medical policies that provide guidance and support for benefit determinations. These policies are considered guides and are not intended to imply benefit or coverage determination nor constitute medical advice. Anthem Blue Cross medical necessity guidelines and criteria for specific services are available for viewing by logging onto www.anthem.com/ca. Click on “Medical Policies and Clinical UM Guidelines.”
MEDICAL MANAGEMENT PROGRAMS

UTILIZATION REVIEW PROGRAM

Benefits are provided only for Covered Expense for Medically Necessary and appropriate services as provided in this Evidence of Coverage. Utilization review provides the Member with valuable information about the medical necessity of services, so that unexpected out-of-pocket costs can be avoided. When the utilization review program is properly used, the Member, in most cases, will know in advance whether the services are Medically Necessary and therefore, eligible for benefits.

**IMPORTANT NOTE:** Utilization review program requirements described in this section do not apply when coverage under this Plan is secondary to another plan providing benefits for a Subscriber or Family Member.

The utilization review program evaluates the medical necessity and appropriateness of care and the setting in which care is provided. Members and Physicians are advised when it is determined under the Plan that services can be safely provided in an ambulatory outpatient setting or when an inpatient Stay is recommended. Services that are Medically Necessary and appropriate are certified for an appropriate period and monitored so that Members know when it is no longer Medically Necessary and appropriate to continue those services.

It is the Member’s responsibility to see that his or her Physician starts the utilization review process before scheduling the Member for any service subject to the utilization review program. If the Member receives any such service, and did not follow the procedures set forth in this section, benefits may be reduced as shown under How Benefits are Affected by Utilization Reviews.

**Utilization Review Requirements of This Plan**

Utilization reviews are conducted for the following services:

- All inpatient Hospital admissions*;
- Acute Inpatient Rehabilitation;
- All Skilled Nursing Facility admissions;
- Home Health Agency Services;
- Services provided by Home Infusion Therapy Providers; and
- Listed procedures/services under How to Obtain Utilization Reviews.

**EXCEPTIONS:** Utilization review is not required for inpatient Hospital admissions for the following services:

- maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section; and
- Mastectomy and lymph node dissection.

The stages of utilization review are:

1. Preservice review determines in advance the medical necessity and appropriateness of scheduled, non-Emergency inpatient Hospital and Skilled Nursing Facility admissions, Home Infusion Therapy services, Home Health Care services, and procedures/services listed under How to Obtain Utilization Reviews.
2. Concurrent review determines whether services are Medically Necessary and appropriate when preservice review is not required or Anthem Blue Cross is notified while service is ongoing, for example, an Emergency admission to the Hospital.

3. Retrospective review is performed to review services that have already been provided. This applies in cases when preservice or concurrent review was not completed, or in order to evaluate and audit medical documentation subsequent to services being provided. Retrospective review may also be performed for services that continued longer than originally certified.

### How Benefits Are Affected by Utilization Reviews

In order for the full benefits of this Plan to be payable, all of the following criteria must be met:

1. The appropriate utilization reviews must be performed in accordance with this Plan. Benefits will be provided for services subject to preservice authorization requirements only when the required authorization has been obtained as stated in this Evidence of Coverage.

2. When preservice review is performed and the admission, procedure or service is determined to be Medically Necessary and appropriate, benefits will be provided for the following:

   - Inpatient Hospital services and supplies.
   - Acute Inpatient Rehabilitation.
   - Services provided in a Skilled Nursing Facility if the Member requires daily skilled nursing or rehabilitation, as certified by the Member’s attending Physician.
   - Inpatient mental health or substance use disorder treatment.
   - Home Health Care services if (a) services can be safely provided in the Member’s home, as certified by the Member’s attending Physician, (b) the Member’s attending Physician manages and directs the Member’s medical care at home and (c) the Member’s attending Physician has established a definitive treatment plan which must be consistent with the Member’s medical needs and lists the services to be provided by the Home Health Agency.
   - Services of Home Infusion Therapy Provider if the Member’s attending Physician has submitted both a prescription and a plan of treatment prior to services being rendered.
   - Reconstructive surgery.
   - Treatment of jaw joint.
   - Transgender surgery including travel expenses.
   - Human organ and tissue transplants if the Physicians on the surgical team and the facility in which the transplant is to take place are approved for the transplant requested.
   - Positron emission tomography (PET scan).
   - Bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss if (a) the services are to be performed for the treatment of morbid obesity, (b) the Physicians on the surgical team and the facility in which the surgical procedure is to take place are approved for the surgical procedure requested, and (c) the bariatric surgical procedure will be performed at a Centers of Medical Excellence (CME) facility.
   - A specified number of additional visits for physical therapy, physical medicine, speech therapy and occupational therapy if the Member needs more than 24 visits in a Year.
   - Select Durable Medical Equipment for which the cost is $5,000 or more.
• All interventional spine pain, elective hip, knee, and shoulder arthroscopic/open sports medicine, and outpatient spine surgery procedures must be authorized in advance.

3. Services that are not reviewed prior to or during service delivery will be reviewed retrospectively when the bill is submitted for benefit payment. If review results in the determination that part or all of the services were not Medically Necessary and appropriate, benefits will not be paid for those services.

No benefits are payable, however, unless the Member's coverage is in force at the time services are rendered, and the payment of benefits is subject to all terms and requirements of this Evidence of Coverage.

If review results in the determination that part or all of the services were not Medically Necessary and appropriate, benefits will not be paid for those services. If the Member proceeds with any services that have been determined to be not Medically Necessary and appropriate at any stage of the utilization review process, benefits will not be provided for those services.

How to Obtain Utilization Reviews

A. Preservice Reviews

• Obtain Preservice Review Before Receiving Scheduled Services

For all scheduled services that are subject to the utilization review requirements of this Plan, the Member or the Member’s Physician must initiate the preservice review by contacting Anthem Blue Cross at 1-800-274-7767 at least three working days prior to when the Member is scheduled to receive services.

Preservice review is performed for the following:

• Inpatient Hospital admissions;
• Acute Inpatient Rehabilitation;
• Skilled Nursing Facility admissions;
• Inpatient mental health or substance use disorder admissions;
• Home Health Care services;
• Home Infusion Therapy;
• Reconstructive surgery;
• Transgender surgery including travel expenses;
• Jaw joint treatments;
• Human organ and tissue transplants;
• PET scans;
• Colonoscopy and anesthesia services
• Bariatric surgery;
• Physical and Occupational Therapy Services in excess of 24 visits per Year;
• Select durable medical equipment for which the cost is $5,000 or more; and
• Speech Therapy Services in excess of 24 visits per Year

The Member must tell his or her Physician that this Plan requires preservice review. Prudent Buyer Plan Providers will initiate the review on the Member's behalf. A Non-Prudent Buyer Plan Provider may initiate the review for the Member, or the Member may call Anthem Blue Cross directly. The Anthem Blue Cross toll-free telephone number is printed on the Member’s CAHP Health Benefits Trust identification card.
If the Member does not receive the reviewed service within 60 days of the certification, or if the nature of the service changes, a new preservice review must be obtained by following the procedures described above.

Remember, it is always the Member’s responsibility to confirm that the review has been performed.

Anthem Blue Cross will certify services that are Medically Necessary and appropriate. For inpatient Hospital Stays, Anthem Blue Cross will, if appropriate, specify a specific length of Stay for approved services. The Member, the Member’s Physician and the provider of the services will receive a written confirmation showing this information.

However, if preservice review determines that the proposed services are not Medically Necessary and appropriate, the Member's provider will be notified immediately. Written notice then will be sent to the Member, the Member’s Physician and the provider of the services.

If preservice review was not performed as required, or if the services the Member received exceed the originally certified period, the services are subject to concurrent review and retrospective review described below.

B. Concurrent Reviews

- If preservice review was not required or performed as required, the Member, the Member's Physician or the provider of service must contact Anthem Blue Cross for concurrent review. For Emergency Hospital admissions, Anthem Blue Cross must be notified within one working day of the admission.

When Prudent Buyer Plan Providers have been informed of the Member's need for utilization review, they will initiate the review on the Member's behalf. The Member may ask a Non-Prudent Buyer Plan Provider to call Anthem Blue Cross, or the Member may call Anthem Blue Cross directly. The Anthem Blue Cross toll-free telephone number is printed on the Member's CAHP Health Benefits Trust identification card.

Remember, it is always the Member’s responsibility to confirm that the review has been performed.

If concurrent review determines that the service is Medically Necessary and appropriate, Anthem Blue Cross will, depending upon the type of treatment or procedure, specify the period of time that is medically appropriate for the type of treatment or procedure required. Concurrent review will also determine the medically appropriate setting.

If concurrent review determines that the service or continued treatment is not Medically Necessary and appropriate, the Member's Physician will be notified by telephone no later than 24 hours following the decision. Written notice will be sent to the Member, and the Member's Physician no later than two business days following the decision. However, care will not be discontinued until the Member’s Physician has been notified and a plan of care that is appropriate for the Member’s needs has been agreed upon.

C. Retrospective Reviews

Retrospective review is performed when Anthem Blue Cross has not been notified of the services the Member received, and is therefore unable to perform the appropriate review prior to the Member’s discharge from the Hospital or completion of outpatient treatment. It is also performed when preservice
or concurrent review has been done, but services continued longer than originally certified. It may also be performed for the evaluation and audit of medical documentation after services have been provided, whether or not preservice or concurrent review was performed.

Services that are retrospectively determined to have been not Medically Necessary and appropriate will be retrospectively denied certification.

### DECISION AND NOTICE REQUIREMENTS

Anthem Blue Cross will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, the Plan will follow state laws. If you live in and/or get services in a state other than the state where your Plan was issued, other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

If more information is needed to make a decision, Anthem Blue Cross will tell the requesting physician of the specific information needed to finish the review. If the Plan does not get the specific information it needs by the requested timeframe identified in the written notice, Anthem Blue Cross will make a decision based upon the information received.

Anthem Blue Cross will notify you and your Physician of the Plan’s decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written and/or electronic.

For a copy of the medical necessity review process, please contact Member Services at the telephone number on the back of your Identification Card.

**Revoking or modifying a Precertification Review decision.** The Claims Administrator will determine in advance whether certain services (including procedures and admissions) are *medically necessary* and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

Your coverage under this *plan* ends;

- *The agreement with the plan administrator terminates;*
- *You reach a benefit maximum that applies to the service in question;*
- *Your benefits under the plan change so that the service is no longer covered or is covered in a different way.*

**HEALTH PLAN INDIVIDUAL CASE MANAGEMENT PROGRAM**

The health plan individual case management program enables the Plan to assist Members to obtain medically appropriate care in a more economical, cost effective and coordinated manner during prolonged periods of intensive medical care.

Through a case manager an alternative plan of treatment, which may include services not otherwise covered under the Plan, may be recommended. It is not a Member’s right to receive individual case management; no does the Plan have an obligation to provide it. Anthem Blue Cross, on behalf of the Trust, provides these services at the sole and absolute discretion of the Plan.

A. How the Health Plan Individual Case Management Program Works

1. The health plan individual case management program (Case Management) helps coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. The programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

2. The Case Management programs are confidential and voluntary, and are made available at no extra cost to the Member. These programs are provided by, or on behalf of and at the request of, the Member’s health plan case management staff. These Case Management programs are separate from any covered services you are receiving.

3. If you meet program criteria and agree to take part, then Anthem Blue Cross will help you meet your identified health care needs. This is reached through contact and team work with you and /or your chosen authorized representative, treating *physicians*, and other providers.
4. In addition, Anthem Blue Cross may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

5. If Anthem Blue Cross determines that the Member’s needs could be met more efficiently, an alternate treatment plan may be recommended. This may include providing benefits not otherwise covered under this Plan. An Anthem Blue Cross case manager will review the medical records and discuss the Member’s treatment with the attending Physician, the Member and the Member’s family.

6. Anthem Blue Cross makes treatment recommendations only; any decisions regarding treatment belong to the Member and the Member’s Physician. Neither Anthem Blue Cross nor the Trust shall in any way prejudice or compromises the Member’s freedom to make such decisions.

B. How Benefits Are Affected by the Health Plan Individual Case Management Program

1. Any alternative benefits paid are accumulated toward any lifetime maximums applicable under this Plan.

2. Benefits are provided for an alternative treatment plan on a case-by-case basis only. The Plan has absolute discretion in deciding whether or not to substitute benefits for any Member, which alternative benefits may be offered and the terms of the offer.

3. Authorization of substitution of benefits in a particular case in no way commits the Plan to do so in another case or for another Member.

4. The personal case management program does not prevent the expressed benefits, exclusions and limitations of this Plan from being strictly applied at any other time or for any other Member.

NOTE: Anthem Blue Cross reserves the right to use the services of one or more third parties in the performance of services outlined in the letter of agreement. No other assignment of any rights or delegation of any duties by either party is valid without the prior written consent of the other party.

QUESTIONS ABOUT OR DISAGREEMENTS WITH MEDICAL MANAGEMENT DETERMINATIONS

A. If the Member or the Member’s Physician disagrees with a decision or questions how it was reached, reconsideration may be requested. The request for reconsideration may be made by the Member, someone chosen to represent the Member or the Member’s Physician. Requests for reconsideration may be made by telephone or in writing and must be directed to the reviewer making the determination within 60 days of issuance of the decision. The address and the telephone number of the reviewer are included on the Member’s written notice of determination. Written requests must include medical information that supports the medical necessity of the services.

B. If the Member, Member’s representative, or Member’s Physician acting on the Member’s behalf find the reconsidered decision is not satisfactory, a request for an appeal of the reconsidered decision may be submitted in writing to Anthem Blue Cross. Such request must be made within 60 days of issuance of the reconsidered decision. The appeal request may be made by the Member, the Member’s representative or the Member’s Physician.

C. In the event that the appeal decision still is unsatisfactory, the remedy is stated under GRIEVANCE/CLAIMS REVIEW PROCEDURE.

2020 CAHP Health Benefits Trust Basic Plan-35
Covered Expense and the terms of this section do not include any amount payable under the sections entitled HEALTH PROMOTION PROGRAM and OUTPATIENT PRESCRIPTION DRUG BENEFITS.

FIRST LEVEL OF PAYMENT. The Plan will pay benefits for Covered Expense you incur up to the Plan Benefit Maximums when applicable.

SECOND LEVEL OF PAYMENT - OUT-OF-POCKET EXPENSE MAXIMUM

After you have made the following total Out-Of-Pocket Expense payments for Covered Expense you incur during a Calendar Year, payment will be provided at 100%† of Covered Expense for the remainder of that Year. You will remain responsible for costs in excess of Covered Expense, Prudent Buyer Plan Providers, Authorized Referrals, Centers of Medical Excellence, and Providers Not Represented in the Prudent Buyer Plan Network:

Per Member $3,000  
Per Family $6,000  

(Two or more Family Members, but not to exceed the $3,000 Out-of-Pocket Expense amount for any one Member)

Non-Prudent Buyer Plan Providers:

Payment to Non-Prudent Buyer Plan Providers will always be the FIRST LEVEL OF PAYMENT, (except for Authorized Referrals, Centers of Medical Excellence, Providers Not Represented in the Prudent Buyer Plan Network and Non-Prudent Buyer Plan Emergency Room Physicians for services received at a Prudent Buyer Plan Provider Hospital) regardless of how much Out-of-Pocket Expense has been incurred.

†EXCEPTION: Expense which is incurred for non-covered services or supplies, or which is in excess of the amount of Covered Expense, will not be applied toward your Out-of-Pocket Expense amount, and is always your responsibility.

PAYMENT RATES - ADDITIONAL EMERGENCY CARE INFORMATION

Emergency Care.* Payment for Emergency Care is provided at 90% of Covered Expense. This payment shall apply to both Prudent Buyer Plan Providers and Non-Prudent Buyer Plan Providers. Outpatient Emergency Care for an Accidental Injury must be provided within 72 hours of the injury date. NOTE: Ambulance services are covered under Additional Services and Supplies and Hospital Urgent Care or Emergency Room Services require the $50 co-payment shown below.

Inpatient Emergency Care provided by a Non-Prudent Buyer Plan Hospital will be paid at 90% of Reasonable Charges. If the Member is moved via ambulance to another treating Hospital, such ambulance expenses will be reimbursed at 100% of the Covered Expense.

Hospital Urgent Care or Emergency Room Services. Each time you visit a Hospital’s urgent care facility or emergency room, payment will be provided at 90% (after the $50 co-payment) of Covered Expense for Emergency services. However, the $50 co-payment will be reduced to $25 if you are admitted as a Hospital inpatient from the urgent care/emergency room immediately following treatment. This co-payment shall apply to both Prudent Buyer Plan Providers and Non-Prudent Buyer Plan Providers.

Non-Emergency Hospital Urgent Care or Emergency Room Services. Payment is provided at 60% (after the $50 co-payment) of Covered Expense for non-Emergency outpatient services provided by a Non-
Prudent Buyer Plan Provider for emergency room or urgent care, including all services rendered in connection with that treatment. This payment rate will also apply to any follow-up visits to the emergency room or to an urgent care facility of a Non-Prudent Buyer Plan Provider.

**NOTE:** All charges may not be billed by the Hospital and may be billed separately by the provider, such as an emergency room Physician. Although you may go to a Prudent Buyer Hospital, the Physician may be a Non-Prudent Buyer Plan Provider. You are responsible to pay, in addition to the dollar co-payments and percentage of Covered Expense remaining after the payment listed on page 39 any amount in excess of Covered Expense for the services of a Non-Prudent Buyer Plan Provider.

Urgent Care. If you need Urgent Care as defined under GENERAL DEFINITIONS. If treatment cannot reasonable be postponed until the earliest appointment time available with your Physician, but your illness, injury or condition is not severe enough to require Emergency Care, Urgent Care can be obtained from any physician. However, your out-of-pocket costs will be lower when covered services are provided by a Physician who is a Prudent Buyer Plan Provider in the Urgent Care Network.

Subject to the remaining paragraphs of this section, Covered Expense is the expense incurred for a covered service or supply. Expense is incurred on the date the Member receives the service or supply for which the charge is made. Please read the definitions of Negotiated Rate, Customary and Reasonable Charge and Reasonable Charge under GENERAL DEFINITIONS to better understand this section.

**Disclosure of Allowable Amount**

You may call Anthem Blue Cross Member Services Department at 1-800-759-5758 and ask to be provided with information on how much the Plan will pay for certain planned procedures to be performed by a Non-Preferred Provider. In order for you to obtain this information, you must request that Anthem Blue Cross send a Disclosure of Allowable Amount form to your Non-Preferred Provider. Your Non-Preferred Provider will need to fill out the required information on the form (e.g., letter requesting the dates, specific procedure code numbers, and projected dollar amounts for the proposed). After receiving the completed form from your Non-Preferred Provider, the Allowable Amount will be determined, and a copy of this information will be sent to you and your Non-Preferred Provider.

**Disclosure of Allowable Amount estimates are only valid for 30 days.** If your request is received more than 30 days prior to commencement of services, it cannot be processed. Any changes your Non-Preferred Provider may require for the completion of this form are not a covered benefit of this Plan. **Disclosure of Allowable Amount estimates are provided for informational purposes and are not a guarantee of payment.**

The following example shows the financial consequences of not choosing care through a Preferred Provider. The amount a Member pays is significantly more if care is received through a Non-Preferred Provider. The example below is illustrative only and is not actual claimant information. Also, though this example does not include Copayments, many actual covered services under the Plan have Copayments.

Important Note: You are required to pay any charges for services provided by a Non-Preferred Provider or any other provider which are in excess of the allowable amount, plus all charges for non-covered services.

A. Any charge in excess of the Negotiated Rate for services provided by a Prudent Buyer Plan Provider.

B. Any charge in excess of a Customary and Reasonable Charge or a Reasonable Charge for services provided by:
   1. A Non-Prudent Buyer Plan Hospital for outpatient care, Emergency Care* or an Authorized Referral, or
   2. A Non-Prudent Buyer Plan Provider (other than a Hospital), or
   3. A Provider not Represented in the Prudent Buyer Plan Network.

NOTE: When you travel and obtain covered health care services outside of California, the claim for those services may be processed through the BlueCard Program. Benefits are determined based on the Scheduled Amounts in effect at the time services are rendered. For a description of Service Area, please refer to GENERAL DEFINITIONS.

*The Plan’s payment shall not exceed 90% of the Scheduled Amounts listed above.

EXAMPLE: Non-Emergency Inpatient Hospital services are billed by a Non-Prudent Buyer Plan Hospital in San Francisco, which is located in Service Area 3. An Authorized Referral was not obtained. The maximum amount paid per day shall be 90 percent of $540, which is $486. Charges in excess of this amount are the Member’s responsibility and also do not apply to the OUT-OF-POCKET EXPENSE MAXIMUM, since they are from a Non-Prudent Buyer Plan Hospital.

E. If covered services are received from a provider located outside of California who is a Non-Prudent Buyer Plan Provider, Covered Expense does not include the following:

1. For services received from a Hospital (other than for Emergency Care), any charge in excess of the applicable Non-Prudent Buyer Plan Provider rate or fee schedule for this plan.

2. For services received from a Physician (other than for Emergency Care), Clinical Laboratory, Diagnostic Imaging Facility, chiropractor, physical therapist, acupuncturist, speech pathologist, Home Health Care Agency, Ambulatory Surgical Center, Home Infusion Therapy Provider, Skilled Nursing Facility; Durable Medical Equipment Supply Outlet or any charge in excess of the Customary and Reasonable Charge or Reasonable Charge in the California county of Los Angeles for like services.

EXCEPTION: If services are received from Prudent Buyer Plan Providers (which contract with the Prudent Buyer Plan Network in certain areas of Arizona, Nevada and Oregon), Covered Expense does not include any charge in excess of the Negotiated Rate.
F. If Medicare is the primary payer, Covered Expense does not include any of the following charges:

1. By a Hospital, in excess of the approved amount as determined by Medicare; or

2. By a Physician who is a Prudent Buyer Plan Provider who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or

3. By a Physician who is a Non-Prudent Buyer Plan Provider or a Provider not Represented in the Prudent Buyer Plan Network who accepts Medicare assignment, in excess of the lesser of maximum Covered Expense stated above, or the approved amount as determined by Medicare; or

4. By a Physician or a Provider not Represented in the Prudent Buyer Plan Network who does not accept Medicare assignment, in excess of the lesser of the maximum Covered Expense stated above, or the limiting charge as determined by Medicare.

**NOTE:** You are responsible to pay any amount in excess of Covered Expense, as described in items B, C, and D on the previous page, for the services of a Non-Prudent Buyer Plan Provider or a Provider Not Represented in the Prudent Buyer Plan Network.
Additional Services and Supplies

1. Payment
   80% PPO and non-PPO
   a. Blood transfusions, including blood processing and cost of unreplaced blood and blood products.
   b. The first pair of contact lenses or the first pair of eyeglasses when required as the result of eye surgery, unless the surgery is specifically excluded under this Plan.
   c. Biofeedback procedures.

Ambulance

1. Payment
   80% PPO and non-PPO

2. Services
   Benefits for Covered Expense incurred are provided for the services listed below.
   a. The following ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:
      (1) Base charge, mileage and non-reusable supplies of a licensed ambulance company for ground or airplane service to transport a Member to and from a Hospital or Skilled Nursing Facility.
      (2) Base charge, mileage and non-reusable supplies of a licensed air ambulance company to transport a Member from the area where the Member is first disabled to the nearest Hospital where appropriate treatment is provided.
      (3) Monitoring, electrocardiograms (EKGs or ECGs), cardiac defibrillation, cardiopulmonary resuscitation (CPR) and administration of oxygen and intravenous (IV) solutions in connection with ambulance service. An appropriately licensed person must render the services.
      (4) From your home, or from the scene of an accident or medical emergency, to a Hospital.
      (5) Between Hospitals, including when you are required to move from a Hospital that does not contract with Anthem to one that does, or
      (6) Between a Hospital and a Skilled Nursing Facility or other approved facility.
   Ambulance services are subject to Medical Necessity reviews. Coverage includes Medically Necessary treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a Hospital. If provided through the 911 emergency response system, ambulance services are covered if you reasonably believed that a medical emergency existed even if you are not transported to a Hospital. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your Family Members or Physician are not a covered service.
   Other non-covered ambulance services include, but are not limited to, trips to:
• A Physician’s office or clinic;
• A morgue or funeral home.

Important information about air ambulance coverage. Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a Hospital than the ground ambulance can provide, this Plan will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a Hospital that is not an Acute Care Hospital (such a Skilled Nursing Facility), or if you are taken to a Physician’s office or to your home.

NOTE: If it is Medically Necessary for the Member to be moved via ambulance from one facility to another, ambulance expenses will be reimbursed at 100% of the Covered Expenses.

Ambulatory Surgical Center
a. Payment
   90% PPO
   60% non-PPO – maximum plan payment of $350 per surgical session.
b. Services
   Benefits are provided for Covered Expense incurred for services and supplies provided by an Ambulatory Surgical Center in connection with outpatient surgery.

Except for Preventive care, Ambulatory Surgery Center services are subject to the Maximum Calendar Year Medical Financial Responsibility limits; however, services received from Non-Preferred Providers have no Coinsurance limits.

All covered services and supplies provided and billed by an Ambulatory Surgery Center that is Non-Preferred Provider are subject to a maximum Plan payment of $350 per Outpatient surgery. This maximum payment does not apply to covered services provided by Preferred Providers and to Non-Preferred Provider Physician charges that are billed separately from the facility charges.

Providers, such as admitting Physician, surgeon and assistant surgeon, whose services are not included in and are not considered part of the facility charges for an Ambulatory Surgery Center that is a Preferred Provider, are paid at 60% of the Allowable Amount. Members are responsible for the remaining 40% and all charges in excess of the Allowable Amount, plus all charges for non-covered services.

Bariatric Surgery

   90% Centers of Medical Excellence (CME)
2. Services

Subject to the preservice review provisions stated under MEDICAL MANAGEMENT PROGRAMS, benefits are provided for Covered Expense for services and supplies provided in connection with Medically Necessary surgery for weight loss, only for morbid obesity and only when performed at an approved Centers of Medical Excellence (CME) facility.
3. Conditions of Service
a. Benefits are not payable for a bariatric surgical procedure for which prior authorization through preservice review was not obtained.

b. Charges for services provided for or in connection with a bariatric surgical procedure performed at a facility other than an approved CME are not covered.

1. Payment
   100%

2. Services
   Benefits may be provided for travel expense in connection with a covered bariatric surgery when the Member’s home is outside the coverage area of the nearest designated Centers of Medical Excellence (CME).    e. Other reasonable expenses not to exceed $25 per day for a maximum of four (4) days per trip. Tobacco, alcohol and drug expenses are not covered.

3. Conditions of Service
   a. All travel expenses must be authorized by Anthem Blue Cross prior to services being received. Member services will confirm if the bariatric surgery travel expense benefit is provided in connection with access to the selected CME.
   b. Legible copies of all applicable receipts must be submitted with a travel reimbursement form. You can obtain a travel reimbursement form by calling Anthem Blue Cross member services.

   b. Services rendered through a Hospice Care Program are provided under Hospice Care and are subject to the conditions of service, limitations and provisions applicable to that benefit.
   c. Benefits are not payable for care provided to relieve general soreness or for conditions that may be expected to improve without treatment.
   
   **NOTE:** Payment for subsequent chiropractic procedures and modalities billed on the same day shall be reduced.

**Clinical Trials**

1. **Payment**
   - 90% PPO
   - 60% non-PPO

**Clinical Trials.** Coverage is provided for routine patient costs you receive as a participant in an approved clinical trial. The services must be those that are listed as covered by this plan for members who are not enrolled in a clinical trial.

Routine patient care costs include items, services, and drugs provided to you in connection with an approved clinical trial that would otherwise be covered by the plan.

An “approved clinical trial” is a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or another life-threatening disease or condition, from which death is likely unless the disease or condition is treated. Coverage is limited to the following clinical trials:

1. Federally funded trials approved or funded by one or more of the following:

   b. The Centers for Disease Control and Prevention,

   f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants, or
   g. Any of the following departments if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of Health and Human Services determines (1) to be comparable to the system of peer review of investigations and studies used by the National Institutes of Health, and (2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review:
      i. The Department of Veterans Affairs,
ii. The Department of Defense, or

iii. The Department of Energy.

2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration.

3. Studies or investigations done for drug trials that are exempt from the investigational new drug application.

Participation in the clinical trial must be recommended by your physician after determining participation has a meaningful potential to benefit you. All requests for clinical trials services, including requests that are not part of approved clinical trials, will be reviewed according to the plan’s Clinical Coverage Guidelines, related policies and procedures.

Routine patient costs do not include the costs associated with any of the following:

1. The investigational item, device, or service.

2. Any item or service provided solely to satisfy data collection and analysis needs and that is not used in the clinical management of the patient.

3. Any service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

4. Any item, device, or service that is paid for, by the sponsor of the trial or is customarily provided by the sponsor free of charge for any enrollee in the trial.

INTRODUCTION

With the objective of encouraging CAHP members to maximize their commitment and efforts to establish and maintain healthy lifestyles, the CAHP Health Benefits Trust (the Trust) provides a Health Promotion Program.

This Health Promotion Program includes reimbursement for approved smoking cessation programs (including prescription nicotine patches, Chantix or Zyban) and/or weight management programs. Benefits are provided in accordance with Anthem Blue Cross' health promotion policies. Claims are administered by Anthem Blue Cross on behalf of the Trust.

SMOKING CESSATION PROGRAM

Behavior modification programs utilize methods to identify your smoking habit and to modify behavior to successfully quit smoking. Behavior modification does not consist of hypnosis, shock therapy, acupressure, acupuncture or other similar methods to alter behavior.

1. Benefit Reimbursement

   The Plan will provide 100% reimbursement for an approved behavior modification smoking cessation program.

2. Approved Programs

   Benefits are provided when verification of completion of one of the following approved programs is submitted to Anthem Blue Cross:

   a. American Lung Association - "Freedom From Smoking." Call 1-800-586-4872 or your local lung association office or visit the website at www.lungusa.org for information.

   b. Medical clinic or Hospital-based programs. Consult your family Physician or local community Hospital for information.

SMOKING CESSATION PRODUCTS

Many individuals find the use of nicotine replacement therapies helpful with their attempt to combat nicotine addiction. However, the use of most of these products has only been shown to be successful when used in conjunction with a smoking cessation program which works with individuals to understand their smoking habits. The combination of a nicotine patch or a prescription medication such as Zyban or Chantix, to help alleviate withdrawal symptoms, with a smoking cessation program, to assist with the behavioral aspect of the smoking habit, and the desire to quit generally leads to success.

Benefit Reimbursement

When you successfully complete one of the approved smoking cessation programs specified in this Evidence of Coverage and submit a Certificate of Completion, the Plan will provide 50% of the total cost of a 90-day supply of nicotine patches or a 90-day supply of the prescription medication Zyban or a 90-day supply of the prescription medication Chantix per Member.
WEIGHT MANAGEMENT PROGRAM

1. Benefit Reimbursement

The Plan will provide 80% reimbursement up to $125 payment per Member per lifetime for an approved weight management program.

2. Approved Programs

Benefits are provided when verification of completion of one of the following approved programs is submitted to Anthem Blue Cross:

a. Weight Watchers - Call 1-800-651-6000 or your local Weight Watchers Center or visit the website at www.weightwatchers.com for information.

b. Medical clinic or Hospital-based programs. Consult your family Physician or local community Hospital for information.

OUTPATIENT PRESCRIPTION DRUG BENEFITS

Benefits for Prescription Drugs are determined by the type of pharmaceutical provider the Member chooses and the type of Drug provided. A Member can choose to have his or her Prescription filled by Participating Retail Pharmacies, Non-Participating Retail Pharmacies, or through the mail order program. The Member can also choose between Generic Drugs, Single Source Brand Drugs (Brand Name Drugs with no Generic Drug equivalent), or Multi-Source Brand Drugs (Brand Name Drugs with a Generic Drug equivalent). However, the amount the Member will pay for his or her Prescription is affected by these choices.

Although Generic Drugs are not mandatory, the Trust encourages you to purchase generics whenever possible in order to save valuable claims dollars that will help keep the cost of providing benefits for outpatient Prescription Drugs affordable. By law, Generic Drugs meet the same federal standards of purity, effectiveness, strength, and safety as their Brand Name equivalents. Utilizing Generic Drugs helps to manage the increasing cost of health care without compromising the quality of your pharmaceutical care.

Note: Coordination of Benefits provisions do not apply to the Outpatient Prescription Drug Program.

Reimbursement

1. When the Member has a Prescription filled at a Participating Retail Pharmacy, the Member pays only the applicable co-payment amount as specified above under Co-Payments.

2. When the Member has a Prescription filled at a Non-Participating Retail Pharmacy, the Member will be reimbursed the amount the drug would have cost at a Participating Retail Pharmacy minus the applicable co-payment as specified above under Co-Payments.

3. When the Member has a Compound Prescription filled at a Non-Participating Retail Pharmacy and covered by the plan, the Member will be reimbursed based on the covered Prescription ingredient for a Participating Pharmacy minus the applicable co-payment as specified above under Co-Payments.

When You Use a Participating Pharmacy

Approximately 70,000 Participating Retail Pharmacies are located within the United States. The Member may contact Express Scripts Member Services at 1–800-711-0917 or access online at www.express-scripts.com for assistance in locating a Participating Retail Pharmacy.

When the Member presents his or her CAHP Health Benefits Trust identification card to a Participating Retail Pharmacy, the Member will pay only the applicable co-payment amount as specified under RETAIL PHARMACY BENEFITS Co-Payments for each covered Prescription and each refill.

Generic Drugs will be dispensed by Participating Retail Pharmacies when the Prescription indicates a Generic Drug. When a Brand Name Drug is specified, but a Generic Drug equivalent exists, the Generic Drug will be substituted unless the Member or Physician specifically requests a Brand Name Drug to be dispensed. Brand Name Drugs will be dispensed by Participating Retail Pharmacies when the Prescription specifies a Brand Name and states “dispense as written” or no Generic Drug equivalent exists. However, the member will be responsible for the applicable co-payment, plus the difference in cost between the Brand Name Drug and its Generic equivalent.
When You Use a Non-Participating Retail Pharmacy

When the Member goes to a Non-Participating Retail Pharmacy, the Member must pay the full cost of the Drug and submit a claim to the address below:

Express Scripts
ATTN: Commercial Claims
PO Box 14711
Lexington, KY 40512-4711
800-711-0917

Non-Participating Retail Pharmacies have not agreed to the Prescription Drug Negotiated Rate. The amount that will be covered as Prescription Drug Covered Expense is significantly lower than what these providers customarily charge.

Claim forms and member services are available by calling 1-800-711-0917 or by accessing online at www.express-scripts.com. The Member must mail the claim form to Express Scripts within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that timeframe, an extension of up to nine months will be allowed. The Member will be reimbursed according to the procedures described under the provision entitled Reimbursement on the previous page.

**NOTE:** Prescription Drugs subject to the increased co-payment amount after the second prescription drug fill are for medications taken on a long-term basis (3 months or more). Smart90 Incentive Program

Members can now fill maintenance medications for long-term or chronic conditions through Express Scripts mail order or two retail pharmacies, CVS or Walgreens for up to 90-day supply and pay the mail copay. The Smart90 Incentive program allows you to choose an in-person retail experience at the Plan’s lower Home Delivery Copayment structure.

- You can receive up to a 90-day supply of Maintenance Medication
  - $10.00 for each Generic Medication

Out-of-Pocket Maximum

Out of Pocket limit is the maximum dollar amount for which an individual or a family unit is responsible during a defined period of time. The co-pay amounts associated with each claim are accumulated and when these amounts exceed the specified out of pocket limit, all subsequent claims will be reimbursed at 100% with no co-pay taken. Your maximum calendar year copayment is $5,200 for individual or $10,400 per family.

Prescription costs that do not apply towards the Out-Of-Pocket Maximum

1. If the member selects a brand name drug when a generic is available the cost difference between the brand and generic drug will not be applied towards the out-of-pocket maximum.
2. Non-covered items will not apply towards the out-of-pocket maximum.
3. Medications that are covered by the specialty pharmacy copay assistance program.
When You Use the Mail Order Program

For any Prescription Drugs ordered through the mail order program (not all Drugs are available through the mail order program), the Member will pay only the applicable co-payment amount. Mail order Prescriptions can be filled for up to a 90-day supply. The Prescription must state the dosage, the patient's name and address and be signed by a Physician. The Member must submit the Prescription with the copayment amount and a properly completed order form. Order forms can be obtained by contacting Express Scripts Member Services at 1-800-711-0917 or by accessing online at www.express-scripts.com.

Ask your Physician to send your Prescription to Express Scripts electronically (known as e-prescribing) or to fax the Prescription. Express Scripts can only accept faxed Prescriptions from Physicians.

Generic Drugs will be dispensed through the mail order program when the Prescription indicates a Generic Drug. When a Brand Name Drug is specified, but a Generic Drug equivalent exists, the Generic Drug may be substituted with approval from your Physician. However, the member will be responsible for the applicable co-payment, plus the difference in cost between the Brand Name Drug and its Generic equivalent.

To order home delivery refills from Express Scripts, select one of the following options:

1. Log in to your online account. Select the Medications you wish to refill
2. Download the Express Scripts App for your Apple or Android smartphone. Open the app, select the medication you want to refill.
3. Call Express Scripts at 1-800-711-0917 and we can help you refill your Medication.

PRESCRIPTION DRUG COVERAGE MANAGEMENT PROGRAMS

SaveOn SP

The Plan is implementing a specialty pharmacy copayment assistance program.

- Certain specialty pharmacy drugs are considered non-essential health benefits under the plan and the cost of such drugs will not be applied toward satisfying the participant's out-of-pocket maximum; although the cost of the Program drugs will not be applied towards satisfying a participant’s out-of-pocket maximum, the cost of the Program drugs will be reimbursed by the manufacturer at no cost to the member; and
- Copayments for certain specialty medications may be set to the max of the current plan design or any available manufacturer-funded copay assistance.

PREVENTIVE PRESCRIPTION DRUGS AND OTHER ITEMS

Co-Payments

10. Low dose generic statins to treat cholesterol for those persons ages 40-75 that have one or more cardiovascular risk factors and no evidence of current cardiovascular disease.

12. Dental fluoride varnish to prevent tooth decay of primary teeth for children from birth to 5 years old.

**DETERMINATION OF COVERED EXPENSE**

Covered Expense for Prescription Drugs is determined as follows. Expense is incurred on the date the Member receives the service or supply for which the charge is made.

1. For Prescription Drugs dispensed by a Participating Retail Pharmacy, the amount Express Scripts considers Covered Expense is the Prescription Drug Negotiated Rate.

2. For Prescription Drugs dispensed by a Non-Participating Retail Pharmacy, the amount Express Scripts considers Covered Expense is derived as defined in A. above. The Member is responsible for any amount exceeding the schedule.
PRESCRIPTION DRUG CONDITIONS OF SERVICE

To be covered, the Drug or medication must satisfy all of the following requirements:

1. It must be prescribed by a Physician and be dispensed within one year of being prescribed, subject to federal and state laws. Controlled substances may be less than a year.

2. It must be approved for general use by the State of California Department of Health Services or the Food and Drug Administration.

3. It must be for the direct care and treatment of the Member's illness, injury or condition.

4. It must be dispensed from a licensed retail Pharmacy, a Home Health Agency or through the mail order program.

5. It must not be used while the Member is an inpatient in any facility. Also, it must not be dispensed or administered in an outpatient facility.

6. For a retail Pharmacy, the Prescription must not exceed a 30-day supply.

7. For the mail order program, the Prescription must not exceed a 90-day supply.

8. Drugs for the treatment of impotence and/or sexual dysfunction are limited to eight tablets/units for a 30-day period at retail or 24 tablets/unit for a 90-day period at mail order.

9. The pharmacy data system will track for 180 days usage: refills can be obtained when 75% of the drug has been used.

PRESCRIPTION DRUGS AND CHANGES TO THE FORMULARY

The Plan includes a list of preferred drugs that are either more effective at treating a particular condition than other drugs in the same class of drugs, or as effective as and less costly than similar medications. Non-preferred drugs may also be covered under the prescription drug program, but as a higher cost-sharing tier. Collectively, these lists of drugs make up the Plan's Formulary. The Plan's Formulary is updated periodically and subject to change, so to get the most up-to-date list go online to www.express-scripts.com. Drugs that are excluded from the Plan’s Formulary are not covered under the Plan unless approved in advance through a Formulary exception process managed by Express Scripts on the basis that the drug requested is (1) medically necessary and essential to the Covered Person’s health and safety and/or (2) all Formulary drugs comparable to the excluded drug have been tried by the Covered Person. If approved through that process, the applicable Formulary co-pay would apply for the approved drug based on the Plan’s cost share structure. Absent such approval, Covered Persons selecting a drug excluded from the Formulary will be required to pay the full cost of the drug without any reimbursement under the Plan. If the Covered Person’s Physician believes that an excluded drug meets the requirements described above, the Physician should take the necessary steps to initiate a Formulary exception review.

The Formulary will continue to change from time to time. For example:

- A drug may be moved to a higher or lower cost-sharing Formulary tier.
- Additional drugs may be excluded from the Formulary.
- A restriction may be added on coverage for a Formulary-covered drug (e.g. prior authorization).
- A formulary-covered brand name drug may be replaced with a Formulary-covered generic drug.

Please be sure to check before the drug is purchased to make sure it is covered on the Formulary, as you may not have received notice that a drug has been removed from the Formulary. Certain drugs even if covered on the Formulary will require prior authorization in advance of receiving the drug. Other

**PRESCRIPTION DRUG PROGRAM UTILIZATION REVIEW, PRIOR AUTHORIZATION AND STEP THERAPY PROGRAMS**

These Prescription Drug benefits include utilization review of Prescription Drug usage for the Member's health and safety. Certain Drugs may require prior authorization (e.g. Multiple Sclerosis, Rheumatoid Arthritis and Cancer Therapy, etc.). Certain drugs may also require Step Therapy (Migraine Agents, Sleep Agents and Topical Acne therapy, etc.) to promote use of generics and preferred brand name therapies. A Participating Retail Pharmacy will advise you if the prescribed Drug requires prior authorization or step therapy and then will initiate the review on your behalf or in the case of step therapy provide names of preferred agents. In most cases, the review will be processed within 72 hours.

The Plan may implement additional new programs designed to ensure that Medications dispensed to its Members are covered under this Plan. As new Medications are developed, including Generic versions of Brand-Name Medications, or when medications receive FDA approval for new or alternative uses,
the Plan reserves the right to review the coverage of those Medications or class of Medications under the Plan. Any benefit payments made for a Prescription Medication will not invalidate the Plan’s right to make a determination to exclude, discontinue or limit coverage of that Medication at a later date.

Step Therapy

The Step Therapy program helps you and your doctor choose a lower-cost medication as the first step in treating your health condition. Before certain targeted Brand Name Drugs are covered, this program requires that you try a different medication (usually a generic) as the first step in treating your health condition. If you cannot or will not make the change, there are the following option:

- If the change is not clinically appropriate, your Prescriber may request a prior authorization.

SPECIALTY PHARMACY SERVICE

The specialty pharmacy service is designed to help Members’ meet the particular needs and challenges of using certain medications, many of which require injection or special handling. These medications are taken to treat conditions such as anemia/neutropenia, cancer, cystic fibrosis, deep vein thrombosis, Gaucher’s disease, erectile dysfunction, growth hormone deficiency, hepatitis C, immune deficiency, multiple sclerosis (MS), osteoarthritis, rheumatoid arthritis, and respiratory syncytial virus (RSV). MEDICARE PART D

The word “Member” is a term used for “Person Enrolled in Medicare”, which could mean the (retired) employee or a dependent of an active or retired employee.

Members with Medicare coverage can enroll in Part D. However, the CAHP Health Benefits Trust is recommending that Members do not enroll in Part D because the Trust prescription drug coverage is as good as – or better than – the coverage that will be available under Part D.

Important Legislation

AB 587 was signed by the Governor on October 5, 2005 (Stats.2005, Ch 527, §1), which states CalPERS Medicare-eligible members who enroll in Medicare Part D other than a CalPERS Board-approved Medicare Advantage Prescription Drug Plan may not be enrolled in a CalPERS health plan. Therefore by enrolling in Part D, you may jeopardize your CalPERS health coverage.

Enrolling in Part D

Member’s that are considered low income with limited resources may want to enroll in Part D. Extra help paying for Part D is available for people with limited income and resources. Information about this extra help is available from the Social Security Administration (SSA) online at www.socialsecurity.gov, or call 1-800-772-1213 (TTY 1-800-325-0778).

More detailed information about Part D is also available by:

- Reviewing the “Medicare & You” handbook, which is available from Medicare,
- Visiting www.medicare.gov,
- Calling your State Health Insurance Assistance Program (see your copy of the Medicare & You handbook for their telephone number) and/or
- Calling 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

Before enrolling in Part D, you should compare your current coverage, including which drugs are covered, with the coverage and cost of Part D. Remember, the Trust Plan pays for other health expenses (i.e. office visits, hospital charges), in addition to your prescription drugs.

Lose and/or Drop Coverage

If you are eligible for Medicare and do not enroll in Part D (upon entitlement) and you drop or lose your CalPERS Health Benefits coverage, you must enroll in Part D within 63 days. If you don’t enroll in Part D within 63 days or longer without proof of Creditable Coverage, your monthly premium will go up at least 1% per month for every month after you were eligible for Part D. For example, if you go 19 months without Creditable Coverage, your premium always will be at least 19% higher than what most other people pay. You’ll have to pay this higher premium as long as you have Medicare Part D coverage. In addition, you may have to wait until next November to enroll.

A copy of “Notice of Creditable Coverage” is available by calling the Trust at 1-800-734-2247 or visiting the website at www.thecaahp.org.
GENERAL EXCLUSIONS AND LIMITATIONS

THIRD PARTY LIABILITY

Under some circumstances a Member may need services under this Plan for which a third party may be liable or legally responsible by reason of negligence, an intentional act or breach of any legal obligation. In that event, the benefits of this Plan will be provided subject to the following:

1. The Trust shall automatically have a lien, to the extent of benefits advanced, upon any recovery, whether by settlement, judgment or otherwise, that the Member receives from the third party, the third party’s insurer or the third party's guarantor or any insurer. The lien shall be in the amount of benefits paid by the Trust under this Plan for the treatment of the illness, disease, injury or condition for which the third party is liable, but not more than the amount allowed by California Civil Code Section 3040. Also see Government Code section 22945 et. Seq.

2. The Member agrees to advise Anthem Blue Cross, in writing, within 60 days of his or her filing a claim against the third party and to take such action, furnish such information and assistance, and execute such papers as Anthem Blue Cross may require to facilitate enforcement of the Trust's rights. The Member also agrees to make no action which may prejudice the rights or interests of the Trust under this Plan. Failure of the Member to give such notice to Anthem Blue Cross, or cooperate with Anthem Blue Cross, or actions of the Member that prejudice the rights or interests of the Trust shall be a material breach of the Member’s obligations hereunder and shall result in the Member being personally responsible for reimbursing the Trust.

3. The Trust shall be entitled to collect on its lien even if the amount the Member or any person recovered for the Member (or the Member's estate, parent or legal guardian) from or for the account of such third party as compensation for the injury, illness or condition is less than the actual loss the Member suffered. This would also include, but is not limited to any monies recovered by means of an uninsured or under insured motorist policy.

4. The Plan’s right to recover shall apply regardless of whether the Member is made whole.

WORKERS’ COMPENSATION INSURANCE

This Plan is not in lieu of and does not affect any requirement of coverage by workers' compensation insurance.

If, pursuant to any workers' compensation or employers' liability law or other legislation of similar purpose or import, a third party is responsible for all or part of the cost of health services provided by the Trust, and such third party disputes that responsibility, the Trust shall provide the benefits of this Plan and the Trust shall automatically acquire thereby, by operation of law, a lien to the extent of the reasonable value of the services provided by the Trust.

It is the Member's responsibility to notify Anthem Blue Cross when the Member or a Family Member has filed a claim for workers' compensation insurance by calling Anthem Blue Cross at 1-800-759-5758.

The Trust shall provide the benefits of this Plan only on condition that the Member shall agree in writing to provide the Trust with a lien to the extent of the reasonable value of the services provided by the Trust.
The Member agrees to take no action that may prejudice the Trust's right under such lien. The lien may be filed with the responsible third party, his or her agent, or the court and the Trust may exercise all other rights available to it as a lienholder. For purposes of this subsection, reasonable value shall be determined to be the Customary or Reasonable Charge for services in the geographic area where the services are rendered.

**IMPORTANT NOTE:**

In those cases where the Member or Family Member has filed a claim with his or her employer, with State Compensation Insurance Fund, or filed an Application for Adjudication of Claim with the Workers’ Compensation Appeals Board, and there is an adjudication and/or settlement of the claim under circumstance in which the work-related nature of the illness or injury is accepted, the Trust shall not provide any further benefits or services for the condition or illness which gave rise to the Member’s or Family Member’s workers’ compensation claim unless the illness or injury is later disputed by the State Compensation Insurance Fund, the Workers’ Compensation Appeals Board or the employer.

**BENEFITS FOR MEMBERS ENROLLED IN MEDICARE**

When Medicare is the primary payer for a Member, Covered Expense for covered services is determined as stated in DETERMINATION OF COVERED EXPENSE under PRUDENT BUYER PLAN BENEFITS.

The Member's benefits will be reduced so that the benefits that the Member receives in a Year under this Plan and from Medicare Parts A (hospital insurance) and B (medical insurance) do not exceed 100 percent of the Covered Expense.

Any benefits provided under both this Plan and Medicare will be provided according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, terms of this Plan, and federal law.

Please refer to the ENROLLMENT PROVISIONS section of this Evidence of Coverage for Medicare eligibility requirements; refer to page 92.

**COORDINATION OF BENEFITS**

If a Member is covered under one or more other plans, the benefits of this Plan will be coordinated with the benefits payable by such other plans in accordance with the following provisions:

1. **Definitions**
   a. **Allowable Expense** is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom a claim is made. When a plan provides benefits in the form of services rather than cash reimbursement for services, the reasonable cash value of each service rendered shall be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom a claim is made is not Allowable Expense.

   The following are not Allowable Expense:
   
   - Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private hospital room is Medically Necessary in terms of generally accepted medical practice, or one of the plans routinely provides coverage for hospital private rooms.
• If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.

• If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.

• If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.

• The amount of any benefit reduction by the Principal Plan because you did not comply with the plan’s provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.

• If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan’s deductible.

b. This Plan means the CAHP Health Benefits Trust Prudent Buyer Plan.

c. The other plan means any plan providing benefits or services for or by reason of Hospital or medical care or treatment, which benefits or services are provided by any group, group service, group practice or any other prepayment coverage on a group basis or any coverage under labor management trustee plans, or group coverage sponsored by or provided through a school or educational institution, or Medicare.

d. Primary Carrier means a plan which, according to the Order of Benefit Determination provisions (below), has primary responsibility for the provision of benefits.

e. Secondary Carrier means a plan which, according to the Order of Benefit Determination provisions (below), has secondary responsibility for the provision of benefits after the Primary Carrier determines its benefits.

2. Order of Benefit Determination

The rules for establishing the Order of Benefit Determination are:

(1) A plan which has no coordination of benefits provision pays before a plan which has a coordination of benefits provision.

(2) A plan which covers the Member as other than a dependent shall have primary responsibility for the provision of benefits before a plan which covers the Member as a dependent. However, if the Member is an Annuitant and eligible for Medicare, Medicare pays (a) after the plan covering the Member as a dependent of an active employee, but (b) before the plan covering the Member as a Subscriber, than the plan covering the Member as an Annuitant.
For example: The Member is covered as an Annuitant under the Plan and eligible for Medicare (Medicare would normally pay first). The Annuitant is also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan covering the Member as a dependent would pay first and the plan covering the Member as an Annuitant would pay last.

(3) When a plan covers the Member as a dependent child and the parents are not separated or divorced, and each parent is covered by a group plan which covers the Member as a dependent, the plan of the parent with the earliest birth date in the Year shall have primary responsibility for the provision of benefits. If, however, either of the plans does not include the birthday rule provisions of this paragraph, primary responsibility for the provision of benefits shall be determined by the plan which does not include this provision.

(4) When a plan covers the Member as a dependent child and the parents are separated or divorced, and the parent with custody of the Member has not remarried, the plan which covers the Member as a dependent of the parent with custody of the Member shall have primary responsibility for the provision of benefits before the plan which covers the Member as a dependent of the parent without custody.

(5) When a plan covers the Member as a dependent child, and the parents are separated or divorced and the parent with custody of the Member has remarried, the plan which covers the Member as a dependent of the parent with custody shall have primary responsibility for the provision of benefits before the plan which covers the Member as a dependent of the step-parent married to the parent with custody. In addition, the plan which covers the Member as a dependent of the step-parent married to the parent with custody will determine its benefits before the plan which covers the Member as a dependent of the parent without custody.

(6) When a plan covers the Member as a dependent child, and the parents are separated or divorced and there is a court decree which would otherwise establish financial responsibility for the medical, dental or other health care expenses with respect to such Member, notwithstanding paragraphs 4. and 5. above, the plan which covers the Member as a dependent of the parent with such financial responsibility shall have primary responsibility for the provision of benefits before any other plan which covers the Member as a dependent.

(7) When a plan covers an individual as a laid-off or retired employee, or an individual who is a dependent of a laid-off or retired employee, such plan shall determine its level of responsibility after any other plan covering that individual as other than a laid-off or retired employee or the dependent of such person.

(8) A plan which has no provision regarding laid-off or retired employees or their dependent shall have primary responsibility for their benefits, if the lack of this provision would result in each plan determining its level of responsibility after the other.

(9) The plan covering the Member under a continuation of coverage provision in accordance with state or federal law pays after a plan covering the Member as a Subscriber, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the other plan do not agree under these circumstances with the order of benefit determination provisions of this Plan, this rule will not apply.
(10) When rules 1. through 9. do not establish an order of benefit determination, the plan which has covered the Member for the longer period of time will have primary responsibility for the provision of benefits before a plan which has covered the Member the shorter period of time.

3. Effect on Benefits
   a. Primary Carrier
      If this Plan is the Primary Carrier with respect to a Member, then this Plan will provide its services and benefits regardless of the benefits available to that Member from any other plan.
   b. Secondary Carrier
      If this Plan is a Secondary Carrier with respect to a Member, then this Plan will provide its benefits in accordance with the following procedure:

      In the event that the total amount of Allowable Expense incurred by that Member in any Calendar Year is exceeded by the sum of:
      
      (1) The amount of benefits that would be provided for such Allowable Expense under this Plan in the absence of these provisions, and
      
      (2) The amount of benefits that would be provided or would be payable for such Allowable Expense under all other plans in the absence therein of the same or any similar provisions.

      The services and benefits that would be provided under this Plan in the absence of these provisions shall be reduced to the extent necessary so that the sum of such reduced benefits when added to the benefits payable under all other plans shall not exceed the total of such Allowable Expense. Benefits payable under another plan include those benefits that would have been payable had a claim been duly made therefore.

4. Provision of Benefits by Secondary Plan
   With respect to the provisions of Section C. 2., the Secondary Carrier shall provide the services and benefits of this Plan as if it were the Primary Carrier. Members who receive services and benefits from the Secondary Carrier are hereby deemed to have assigned the benefits to the Secondary Carrier which they would have otherwise received from the Primary Carrier. By virtue of the provisions of this Plan, Members (a) agree to cooperate fully with Anthem Blue Cross in completing the necessary assignments to enable this Plan to obtain payment of benefits from the Primary Carrier, and (b) agree to reimburse this Plan from the benefits paid to the Member by the Primary Carrier for the services and benefits also provided by this Plan.

5. Optional Payment of Benefits
   Whenever services which should have been provided under this Plan in accordance with these provisions have been paid as benefits under any other plan, this Plan shall have the right to pay to such other plan any amounts that it determines to be necessary in order to satisfy the intent of these provisions. Such amounts shall be considered to be benefits provided under this Plan and, to the extent of such payments, the Trust shall be fully discharged from liability under this Plan.

6. Right of Recovery
   Whenever this Plan has made payments, or has provided covered services in excess of the amount determined in accordance with these Coordination of Benefits provisions, this Plan shall have the right to recover such payments or the reasonable cash value of such covered services, to the extent
of such excess, from one or more of the following, as this Plan shall determine: 1) any person(s) to or for or with respect to whom such payments were made or services provided, 2) any other plans, 3) insurers, 4) service plans, or 5) any other organization. If a Member is covered under any other plan and the contract or plan documents of such other plan contain Coordination of Benefits provisions, this Plan shall be deemed a third party beneficiary of such provision.
ENROLLMENT PROVISIONS

ELIGIBILITY FOR ENROLLMENT

1. All Members who are eligible in accordance with the Act may enroll hereunder. Enrollment is restricted to eligible, dues-paying members and eligible permanent Employees and vested Annuitants of the California Association of Highway Patrolmen and their eligible Family Members.

2. An Employee, Annuitant or a Family Member shall not be eligible for enrollment with this Plan while enrolled under any of the Board’s alternative medical and hospital benefit programs (i.e. PERSCare, PERS Choice, Kaiser, etc).

3. Senate Bill 1669 requires all eligible CHP employees hired on or after January 1, 1994, to be enrolled in the CAHP Health Benefits Trust plan for a minimum of five (5) years (non-consecutive) in order to be eligible to enroll in the CAHP Health plan upon retirement. The five (5) year requirement will be waived if a CHP employee retires for disability before becoming eligible for a service retirement. An additional waiver was approved for former members of the California State Police who transferred to the CHP and who retire before January 1, 2003.

MEDICARE ELIGIBILITY

Under the Public Employee’s Medical and Hospital Care Act (PEMHCA), if you are Medicare-eligible and do not enroll in Medicare Parts A and B and a CalPERS Medicare health plan, you and your enrolled dependents will be excluded from coverage under the CalPERS program.

Annuitants and their Family Members who become eligible for and are enrolled in both Part A (Hospital) and Part B (Medical) Medicare Insurance, on or after January 1, 1985, are no longer eligible to continue coverage in this CAHP Health Benefits Trust Basic Plan, but may apply for coverage under the CAHP Health Benefits Trust Supplement to Original Medicare Plan. To enroll in the Supplement to Original Medicare Plan, the Annuitant or their Family Members must send a copy of their Medicare card and a letter requesting the change to the CalPERS Health Account Management Division P.O. Box 942715, Sacramento, CA 94229-2715.

Supplement to Original Medicare coverage cannot be offered to active Employees or their Family Members, regardless of age, unless they are eligible for Medicare because of permanent kidney failure.

CONDITIONS OF ENROLLMENT

1. Each Employee or Annuitant who is eligible to become a Subscriber according to the provisions stated under this ENROLLMENT PROVISIONS section, and who files an application for membership for himself or herself and his or her eligible Family Members on forms provided by the Employer with the Employer during an Open Enrollment Period or period of initial eligibility, as specified in the Act, shall have fulfilled the Conditions of Enrollment.

2. Prior to the annual CalPERS Open Enrollment Period, the Trust will issue an affidavit titled "CAHP Health Benefits Trust Affirmation of Plan Limitations and Out-of-State Health Benefits Options" to all Annuitant Members who reside outside of California and are enrolled in the Basic Plan. This affidavit shall also be mailed to all Annuitant Members residing outside of California, upon the Trust's receipt of request for enrollment in the Basic Plan.

As a condition of enrollment in the Basic Plan, Annuitant Members who reside outside of California must complete and return the affidavit to the Trust. Failure to return the affidavit to the Trust within
the required time-frame shall result in administrative transfer to another CalPERS-sponsored health plan.

3. If an Employee or Annuitant fails to enroll himself or herself or his or her eligible Family Members during an Open Enrollment Period or the period of initial eligibility as specified in the Act, the Employee or Annuitant may apply for late enrollment for himself or herself and any eligible Family Members in accordance with the Act. Contact your Employer (Employees) or the CalPERS Health Account Management Division – Health Account Services (Annuitants) for information regarding late enrollment.

**IMPORTANT NOTE:** It is the Subscriber’s responsibility to request additions, deletions or changes in enrollment in a timely manner and to stay informed about the eligibility requirements in the Act and Regulations. The Subscriber shall be held liable retroactively for any services provided to ineligible Members.

**COMMENCEMENT OF COVERAGE**

After fulfilling the **CONDITIONS OF ENROLLMENT** as stated above, coverage shall commence for a Subscriber and his or her Family Members at 12:01 a.m. on the date set forth in the Act.
TERMINATIONS AND RELATED PROVISIONS

VOLUNTARY CANCELLATION

A Member may cancel his or her enrollment in this Plan established in accordance with the provisions of Section 599.505 of the Regulations, and shall cease to be covered without notice from the Trust or Anthem Blue Cross, at midnight on the day on which such cancellation of enrollment becomes effective, under Section 599.506 of the Regulations.

REENROLLMENT

Members who have voluntarily cancelled enrollment from this Plan may apply for reenrollment during the Open Enrollment Period.

TERMINATION OF ENROLLMENT AND COVERAGE

The enrollment in this Plan of a Member shall be terminated in accordance with the provisions of Section 599.506 of the Regulations, or by the Trust's or Anthem Blue Cross' termination of the Agreement, subject, however, to the extensions of coverage required by Section 599.508 (a) (5) of the Regulations, and the continuation benefits provided under CONTINUATION OF COVERAGE below.

CONTINUATION OF COVERAGE (COBRA and CalCOBRA)

COBRA

COBRA (Consolidated Omnibus Budget Reconciliation Act) group continuation coverage is provided through federal legislation and allows an enrolled Employee or Annuitant or his or her enrolled Family Members, other than a domestic partner and a child of a domestic partner, who loses their regular group coverage under this Plan because of certain events to continue coverage for 18 or 36 months.

1. Eligibility for Continuation - Qualifying Events

Subscribers or Family Members may choose to continue coverage under the Plan if it would otherwise end for any of the reasons shown below. These are called qualifying events, and they are:

For Subscriber and Family Members.

a. The Subscriber's termination, for any reason other than gross misconduct;

b. Loss of coverage under an employer's health plan due to a reduction in the Subscriber's work hours;

c. For Members who may be covered as retirees, cancellation of that retiree coverage due to the Trust's filing for protection under the bankruptcy law (Chapter 11), provided the Member was covered prior to the filing of bankruptcy.

For Family Members.

d. The death of the Subscriber;

e. The Spouse's divorce or legal separation from the Subscriber, or if the Spouse vacates the residence shared with the Subscriber;

f. The end of a child's status as a Family Member, in accordance with the Act or Regulations;

g. The Subscriber's entitlement to Medicare.
A Subscriber or Family Member is not eligible to continue coverage if, at the time of the qualifying event, ineligible to continue coverage for these reasons, the other eligible Family Members may still choose to continue their coverage. Also, eligibility for Medicare will not preclude a person from continuing coverage if the qualifying event is 3. above.

2. Requirements for Continuation
   a. Notice

   For qualifying events 1, 2, and 3. on the previous page, the Subscriber's Employer will notify the Subscriber of the right to continue coverage. For qualifying events 4, and 7., a Family Member will be notified of the continuation right. Anyone choosing to continue coverage must so notify CalPERS/Employer within 60 days of the date they receive notice of their continuation right.

   In the event of an Annuitant's death, it is the Family Member's responsibility to notify CalPERS/Employer within 60 days of the date of such qualifying event.

   The Member must inform CalPERS/Employer of qualifying events 5. or 6. listed above within 60 days of such event if the Family Member wishes to continue coverage. If the Subscriber or Family Member fails to provide such timely notice to CalPERS/Employer, then such person shall not be entitled to elect continuation coverage.

   Within 14 days of receipt of timely notice of a qualifying event, CalPERS/Employer shall provide written notice to eligible Subscribers and Family Members of their continuation right at the address of such persons on the records of the CalPERS/Employer. Such notice to an Employee or Annuitant or his or her Spouse shall be deemed notice to all other eligible Family Members residing with such Employee, Annuitant or Spouse at the time such notification is made.

   The continuation coverage may be chosen for all Members within a family, or only for selected Members. However, if a Member fails to elect the continuation when first eligible, that person may not elect the continuation at a later date.

   Once an Employee, Annuitant or Family Member elects the COBRA continuation, the Trust shall provide written notice of their rights to continuation of coverage. In addition to the written notice, an Evidence of Coverage will be sent to the enrolled Subscriber at his or her address on enrollment document(s) and shall be deemed notice to such Subscriber and his or her Spouse.

   b. Family Members Acquired During Continuation

   A Spouse or child newly acquired during the continuation period is eligible to be enrolled as a Family Member. The standard enrollment provisions of the Plan apply to enrollees during the continuation period. A Family Member acquired and enrolled during the period of continuation coverage which resulted from the original qualifying event is not eligible for a separate continuation if a subsequent qualifying event results in the person's loss of coverage.*

   *EXCEPTION: A child who is born to, or placed for adoption with the Subscriber during the COBRA continuation period will be eligible for a separate continuation if a subsequent qualifying event results in the person's loss of coverage.

   c. Cost of Coverage

   The benefits of continuation coverage are identical to the benefits in this Evidence of Coverage. The required monthly contribution for continuation coverage may not exceed 102 percent of the prepayment fees specified for coverage under this Plan or any amendment, renewal or replacement of this Plan. An eligible Subscriber or his or her eligible Family Member(s) electing
continuation coverage shall pay to the Trust the required monthly contribution for continuation coverage **no later than the following dates:**

1. If such election is made before the qualifying event, the required monthly contribution may be paid with the written election, in the amount required for the first month of continuation coverage.

2. If such election is made after coverage is terminated due to a qualifying event, the required monthly contribution for the period of continuation of coverage preceding the election shall be made **within 45 days** of the election together with the required monthly contribution for the period beginning with the date of election and ending on the last day of the month in which the required monthly contribution is paid for the period preceding the election. It is the intention of this provision to require that the initial required monthly contribution payment include the required monthly contributions due for continuation coverage from the date coverage terminates under the group Plan to the end of the month in which the initial required monthly contribution is paid.

**Thereafter, the required monthly contribution shall be paid on or before the first day of each month for which continuation coverage is to be provided.** If any required monthly contribution for continuation coverage is not paid when due, the Trust may issue a notice of cancellation of continuation of coverage. If payment is not received **within 15 days** of issuance of such notice of cancellation, the Trust may cancel the continuation coverage on the sixteenth day following issuance of notice of cancellation. Termination of coverage shall be retroactive to the first day of the month for which the required monthly contribution has not been received.

For a Subscriber who is eligible for an extension of continuation coverage due to the Subscriber or a Family Member having been determined by the Social Security Administration to be totally and permanently disabled, the Trust shall charge 150 percent of the Subscriber’s required monthly contribution prior to the Disability for the length of time the disabled member remains covered. The Trust must receive timely payment of the required monthly contribution each month in order to maintain the coverage in force.

If a second qualifying event (as shown below) occurs during this extended continuation, the total COBRA continuation may continue for up to 36 months from the date of the first qualifying event. The required monthly contribution shall then be 150 percent of the applicable rate for the 19th through the 36th months if the disabled member remains covered. The cost will be 102 percent of the applicable rate for any periods of time the disabled member is not covered following the 18th month.

For purposes of determining the required monthly contribution payable for continued coverage, a person originally covered as a Spouse will be treated as the Subscriber if coverage is continued for him/herself alone. If such Spouse and his or her child(ren) enroll, the required monthly contribution payable will depend upon the number of persons covered. Each child continuing coverage other than as a dependent of a Subscriber will pay the required monthly contribution applicable to a Subscriber. (If more than one child is so enrolled, the required monthly contribution shall be the two-party or three-party rate, depending upon the number of children enrolled.)
d. **Subsequent Qualifying Events**

Once covered under the continuation plan, it's possible for a secondary qualifying event to occur. If that happens, a Family Member may be entitled to a second continuation period. This period shall in no event continue beyond 36 months from the date the Member's coverage terminated due to the first qualifying event. Except for newborn or newly adopted children as described above, only a Member covered prior to the original qualifying event is eligible to continue coverage again as the result of a later qualifying event. A Family Member acquired during the continuation coverage is not eligible to continue coverage as the result of a later qualifying event, with the exception of newborns and adoptees as described above.

**For Example:** Continuation may begin due to termination of employment. During the continuation, if a child reaches the proper age limit of the Plan, the child is eligible for a second continuation period. This second continuation would end no later than 36 months from the date coverage was terminated due to the first qualifying event - the termination of employment.

e. **When Continuation Coverage Begins**

When continuation coverage is elected and the required monthly contribution paid, coverage is reinstated back to the date the Member's coverage was terminated due to the qualifying event, so that no break in coverage occurs. Coverage for Family Members acquired and properly enrolled during the continuation begins in accordance with the enrollment provisions of the Act and Regulations.

f. **When the Continuation Ends**

This continuation will end on the earliest of:

1. The end of 18 months from the date the Member's coverage terminates, if the qualifying event was termination of employment or reduction in work hours. For a Member whose continuation coverage began under a prior plan, this term will be dated from the time the Member's coverage terminates under that prior plan due to the qualifying event.

   **EXCEPTION:** A qualified beneficiary whose coverage is continued may extend that continuation coverage for up to an additional 11 months, provided that the disabled Member has been determined by the Social Security Administration to be totally and permanently disabled according to the statutory requirements of either Title II or Title XVI of the Social Security Act. The extension applies to all covered Members as well as the disabled Member. The Member is required to furnish proof of the Social Security Administration’s determination of disability to his or her Employer during the first 18 months of the COBRA continuation period but no later than 60 days after the later of the following events: (1) the date of the Social Security Administration’s determination of the disability; (2) the date on which the original qualifying event occurs; (3) the date on which the qualified beneficiary loses coverage; or (4) the date on which the qualified beneficiary is informed of the obligation to provide the disability notice. The period of continuation shall in no event continue beyond (1) the period of disability, or (2) a maximum of 29 months after the date the Subscriber’s coverage terminated due to the loss of employment, whichever occurs first.

2. The end of 36 months from the date the Member’s coverage terminates, if the qualifying event was the death of the Subscriber; divorce, legal separation or if the Spouse vacates the residence shared with the Subscriber; or the end of dependent child status. For a Member
whose continuation coverage began under a prior plan, this term will be dated from the
time the Member’s coverage terminated under that prior plan due to the qualifying event.

(3) The end of 36 months from the date the Subscriber became entitled to Medicare, if the
qualifying event was the Subscriber’s entitlement to Medicare;

(4) The date the Plan terminates.

(5) The end of the last period for which the final required monthly contribution was paid.

(6) The date after the effective date of the COBRA election that the Member first becomes
eligible for Medicare.

(7) The date after the effective date of the COBRA election that the Member first becomes
covered under any other group health plan, except that if the Member's coverage under a
group health plan contains any exclusion or limitation relating to a pre-existing condition,
the Member’s coverage will remain effective until the exclusions or limitations of the group
health plan for preexisting conditions no longer apply to the Member.

(8) In the event that the Member is eligible for both continuation coverage and coverage under
any other group health plan, the continuation benefits may be reduced so that the benefits
and services the Member receives from all group coverage’s do not exceed 100 percent of
the Covered Expense incurred.

Subject to the Plan remaining in effect, a retired Subscriber whose coverage began due to a
Chapter 11 bankruptcy may continue coverage for the remainder of his or her life; that
person's covered Family Members may continue coverage for 36 months after their
coverage terminates due to the Subscriber's death. However, coverage could terminate
prior to such time for either the Subscriber or Family Member in accordance with items d.,
e., f., or g. above.

If a person’s COBRA continuation under this Plan began on or after January 1, 2003 and ends
in accordance with item a. above, the person may further elect to continue coverage for
medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA
combined). All COBRA eligibility must be exhausted before a person can be eligible to
further continue coverage under CalCOBRA.

Other Coverage Options besides COBRA Continuation Coverage. Instead of enrolling in COBRA
continuation coverage, there may be other coverage options for you and your family through the Health
Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse’s plan).
Some of these options may cost less than COBRA continuation coverage. You can learn more about
many of these options at www.healthcare.gov.
CalCOBRA

CalCOBRA provides for an additional period of continuation of coverage following federal COBRA if federal COBRA lasts for LESS than 35 months. The incremental period give Members a total of 36 months of continuation coverage between the two programs.

1. Eligibility for Continuation - Qualifying Events

If the Member’s continuation coverage under federal COBRA began on or after January 1, 2003, the Member has the option to further continue coverage under CalCOBRA for medical benefits only if the Member’s federal COBRA ended following: (a) 18 months after the qualifying event, if the qualifying event was termination of employment or reduction in work hours; or (b) 29 months after the qualifying event, if the Member qualified for the extension of COBRA continuation during total disability.

All federal COBRA eligibility must be exhausted before the Member is eligible to further continue coverage under CalCOBRA. The Member is not eligible to further continue coverage under CalCOBRA if the Member (a) is entitled to Medicare; (b) have other coverage or become covered under another group plan, as long as the Member is not subject to a pre-existing condition limitation under that coverage; or (c) is eligible for or covered under federal COBRA. Coverage under CalCOBRA is available for medical benefits only.

2. Requirements for Continuation

a. Notice.

Within 180 days prior to the date federal COBRA ends, the Member will be notified of their rights to further elect coverage under CalCOBRA. If the Member chooses to elect CalCOBRA coverage, the Member must notify CalPERS/Employer in writing within 60 days of the date the Member’s coverage under federal COBRA ends or when the Member is notified of their right to continue coverage under CalCOBRA, whichever is later. If the Member does not give CalPERS/Employer written notification within this time period the Member will not be able to continue their coverage.

The Member should examine their options carefully before declining this coverage. The Member should be aware that companies selling individual health insurance typically require a review of their medical history that could result in higher cost or the Member could be denied coverage entirely.

b. Family Members Acquired During Continuation

A Spouse or child newly acquired during the CalCOBRA continuation period is eligible to be enrolled as a Family Member. The standard enrollment provisions of the Plan apply to enrollees during the CalCOBRA continuation period.

c. Cost of Coverage

The Member may be required to pay the entire cost of CalCOBRA continuation coverage. This cost will be

(1) 110% of the required monthly contribution if coverage under federal COBRA ended after 18 months; or

(2) 150% of the required monthly contribution if coverage under federal COBRA ended after 29 months.
The Member must make payment to CalPERS/Employer. CalPERS/Employer must receive payment of the required monthly contribution each month to maintain coverage.

d. **CalCOBRA Continuation Coverage Under the Prior Plan**

If the Member was covered through CalCOBRA continuation under a prior Plan, the Member’s coverage may continue under this Plan for the balance of the continuation period. However the Member’s coverage shall terminate if he/she does not comply with the enrollment requirements and required monthly contribution payment requirements of this Plan within 30 days of receiving notice that their continuation coverage under the prior Plan will end.

e. **When Continuation Coverage Begins**

When the Member elects CalCOBRA continuation coverage and pay the required monthly contribution, coverage is reinstated back to the date federal COBRA ended, so that no break in coverage occurs. For a Family Member properly enrolled during the CalCOBRA continuation, coverage begins according to the enrollment provisions of the Plan.

f. **When the Continuation Ends**

**This CalCOBRA continuation will end on the earliest of:**

1. The date that is 36 months after the date of the Member’s qualifying event under federal COBRA (if the Member’s CalCOBRA continuation coverage began under a prior Plan, this term will be dated from the time of the qualifying event under that prior Plan);
2. The date the Plan terminates;
3. The date the Plan no longer provides coverage to the class of Employees to which the Subscriber belongs;
4. The end of the period for which the required monthly contribution is last paid;
5. The date the Member becomes covered under any other health plan, unless the other health plan contains an exclusion or limitation relating to a pre-existing condition that the Member has. In this case, this continuation will end at the end of the period for which the pre-existing condition exclusion or limitation applied;
6. The date the Member becomes entitled to Medicare; or
7. The date the Member becomes covered under a federal COBRA continuation.

CalCOBRA continuation will also end if the Member moves out of the service area or if the Member commits fraud.
BENEFITS AFTER TERMINATION

There is no coverage for the treatment of any condition, including pregnancy, beyond the effective date of termination of this Plan, or of coverage offered by this Plan, except as follows:

1. If a Member is Totally Disabled when coverage ends and is under the treatment of a licensed medical doctor (M.D.), the benefits of this Plan shall continue to be provided for services treating the totally disabling illness or injury, and for no other condition not reasonably related to the condition causing the total Disability, illness or injury or arising out of such totally disabling illness or injury. This extension of benefits is not available if the Member becomes covered under another group health plan that provides coverage without limitation for the disabling condition.

2. A Member confined as an inpatient in a Hospital or Skilled Nursing Facility is considered Totally Disabled as long as the inpatient Stay is Medically Necessary, and no written certification of the total Disability is required.

3. A Member not confined as an inpatient who wishes to apply for total Disability benefits must submit written certification by his or her Physician of the total Disability. Anthem Blue Cross, on behalf of the Trust, must receive this certification within thirty (30) days of the date coverage ends under this Plan. At least once every sixty (60) days while benefits are extended, Anthem Blue Cross, on behalf of the Trust, must receive proof that the Member’s total Disability is continuing.

4. Benefits are provided until one of the following occurs:
   a. The Member is no longer Totally Disabled, or
   b. The maximum benefits of this Plan are paid, or
   c. The Member becomes covered under another group health plan that provides coverage without limitation for disabling illness or injury, or
   d. A period of 12 consecutive months has passed since the date coverage ended.
GENERAL PROVISIONS

EVIDENCE OF COVERAGE

The Trust shall issue to the Subscriber an Evidence of Coverage. This Evidence of Coverage is not the Agreement. It does not change the coverage under the Agreement in anyway. This Evidence of Coverage, which is evidence of coverage under the Agreement, is subject to all of the terms and conditions of the Agreement.

WORKERS’ COMPENSATION INSURANCE

The Agreement does not affect any requirement of coverage by workers' compensation insurance. It also does not replace that insurance.

Nondiscrimination. No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

PROTECTION OF COVERAGE

Neither the Trust nor Anthem Blue Cross has the right to cancel the coverage of any Member under this Plan while:

a. The Administrative Services Agreement between Anthem Blue Cross and the Trust is still in effect, and
b. The Member is still eligible, and
c. The Member's required monthly contributions are paid according to the terms of the Administrative Services Agreement between Anthem Blue Cross and the Trust.

PROVIDING OF CARE

The Trust and Anthem Blue Cross are not responsible for providing any type of Hospital, medical or similar care. Also, the Trust and Anthem Blue Cross are not responsible for the quality of any type of Hospital, medical or similar care received.

NON-REGULATION OF PROVIDERS

Benefits provided under this Plan do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with Prudent Buyer Plan Providers.

AREA OF SERVICE

The benefits of this Plan are provided for covered services received anywhere in the world.

INDEPENDENT CONTRACTORS

All providers are independent contractors. Neither the Trust nor Anthem Blue Cross is liable for any claim or demand for damages connected with any injury resulting from any treatment.

IDENTIFICATION CARDS AND EVIDENCE OF COVERAGE BOOKLETS

Anthem Blue Cross, on behalf of the Trust, shall issue to the Member and Family Members an identification card. The Trust shall issue to the Member an Evidence of Coverage booklet setting forth a statement of the services and benefits to which the Member and Family Members are entitled. Possession of an identification card confers no right to services or other benefits of this Plan. To be entitled to services or benefits, the holder of the card must, in fact, be a Member on whose behalf
applicable fees under this Plan have actually been paid. Any person receiving services or other benefits to which he or she is not then entitled pursuant to the provisions of this Plan is chargeable therefore at prevailing rates.

MEMBER’S COOPERATION

You will be expected to complete and submit to the Claims Administrator all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers’ Compensation or any other governmental program. If you fail to cooperate (including if you fail to enroll under Part B of the Medicare program where Medicare is the responsible payer), you will be responsible for any charge for services.

PAYMENT TO PROVIDERS

Anthem Blue Cross, on behalf of the Trust, pays the benefits of this Plan directly to Contracting Hospitals, Prudent Buyer Plan Providers, Behavioral Health Access Providers, Centers of Medical Excellence (CME) and licensed ambulance companies. Also, other providers of service may be paid directly when the Member assigns benefits in writing. These payments fulfill the obligation of the Trust to the Member for those services.

Express Scripts on behalf of the Trust, pays the prescription drug benefits of this Plan, as stated under OUTPATIENT PRESCRIPTION DRUG BENEFITS, directly to contracting Express Scripts Participating Pharmacies. These payments fulfill the obligation of the Trust to the Member for those services.

FREE CHOICE OF PROVIDER

This Plan in no way interferes with the right of any person entitled to Hospital benefits to select the Hospital of his or her choice. That person may choose any Physician who holds a valid Physician and surgeon’s certificate and who is a member of, or acceptable to, the attending staff and board of directors of the Hospital where services are received. You may also choose any other health care professional or facility which provides care covered under this Plan, and is properly licensed according to appropriate state and local laws. However, that person’s choice may affect the benefits payable according to the terms of the Agreement.

RIGHT TO RECEIVE AND RELEASE INFORMATION

a. For the purpose of enforcing or interpreting this Plan, or participating in resolving any matter in dispute in regard to this Plan, the Trust, Anthem Blue Cross, the Board, or any person covered under this Plan agrees, subject to statutory requirements, to share all relevant information with any other party. Such information may only be used in determining the disputed matter, and shall not be further disclosed without the consent of the person(s) to whom the information pertains. Any exchange of information pursuant to this section, for the limited purposes of this section, shall not be deemed a breach of any person's right of privacy.

b. For the purposes of enforcing, determining the applicability of, and implementing the Coordination of Benefits provisions of this Plan or any similar provisions of any other plan, the Plan may release to, or obtain from, any other plan, health care provider, insurance company, organization or person, any information, with respect to any person, which the Plan deems to be necessary for such purposes. Members shall furnish such information as may be necessary to implement these provisions.
LIABILITY OF MEMBER FOR CERTAIN CHARGES

a. In the event the Plan fails to pay a provider for covered services (for example due to the Plan’s filing for bankruptcy), the Member will be required to pay the provider any amounts not paid to them by the Plan. However, a Member is not required to pay to a Prudent Buyer Plan Provider any amount of expense for a covered service that exceed the negotiated rate.

b. The Member is liable for all expenses in excess of the benefits of this Plan.

EXPENSE IN EXCESS OF BENEFITS

Anthem Blue Cross and the Trust are not liable for any expense the Member incurs in excess of the benefits of this Evidence of Coverage.

RIGHT OF RECOVERY

When the amount paid by Anthem Blue Cross, on behalf of the Trust, exceeds the amount for which the Trust is liable under this Plan, the Trust has the right to recover the excess amount. This amount may be recovered from the Member, the person to whom payment was made or any other plan. The Trust may reduce subsequent benefit payments to offset overpayments.

BENEFITS NON-TRANSFERRABLE

Only eligible Members are entitled to receive benefits under this Plan. The right to benefits cannot be transferred.

CLERICAL ERROR

No clerical error on the part of the Employer, the Trust or Anthem Blue Cross shall operate to defeat any of the rights, privileges or benefits of any Member.

TERMS OF COVERAGE

a. In order for a Member to be entitled to benefits under the Agreement, both the Agreement and the Member’s coverage under the Agreement must be in effect on the date the expense giving rise to a claim for benefits is incurred.

b. The benefits to which a Member may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date the Member receives the service or supply for which the charge is made.

c. The Agreement is subject to amendment, modification or termination according to the provisions of the Agreement without the consent or concurrence of Members.

MEMBER COOPERATION

By virtue of the Agreement with CalPERS, Members agree to: (a) take action, furnish help and information and execute instruments required to enforce the Trust’s rights as set forth in the Agreement; (b) take no action to harm the Trust’s rights or interests; and (c) notify the Trust or Anthem Blue Cross, on behalf of the Trust, of circumstances that may give rise to its rights.

PROVIDER REIMBURSEMENT

Physicians and other professional providers are paid on a fee-for-service basis, according to an agreed upon schedule for Prudent Buyer Plan Providers and to the Customary and Reasonable Charge or the Reasonable Charge for Non-Prudent Buyer Plan Providers, and providers not represented in the Prudent
Buyer Plan Network. Hospitals and other health care facilities may be paid either a fixed fee or on a discounted fee-for-service basis.

LEGAL ACTIONS

No attempt to recover on the plan through legal or equity action may be made until at least 60 days after the written proof of loss has been furnished as required by this plan. No such action may be started later than three years from the time written proof of loss is required to be furnished.

We may use and disclose medical information about you for CAHP-HBT operations. These uses and disclosures are necessary to manage the CAHP-HBT plan. For example, we may use and disclose medical information about you to confirm your eligibility or to resolve an appeal, complaint or grievance.

We also may combine medical information about many CAHP-HBT plan members to evaluate health plan performance, assist in rate-setting, measure quality of care provided, or for other health care operations. In some cases, we may obtain medical information about you from a provider or third-party administrator.

Health-Related Benefits and Services

We may use and disclose medical information to tell you about health-related benefits or services such as treatment alternatives, disease management or wellness programs that may be of interest to you.

STEP 1: DISAGREEMENTS WITH Anthem BLUE CROSS’ CLAIMS DETERMINATIONS

The Plan provides that treatment or service must be Medically Necessary and be covered by this Plan. The fact that your attending Physician may prescribe, order, recommend or approve a service or treatment does not, of itself, make it Medically Necessary or make the service or treatment an allowable expense, even if it is not specifically listed in this Evidence of Coverage as an exclusion. Anthem Blue Cross has the responsibility for determining whether claims are payable. A practicing physician-consultant retained by Anthem Blue Cross must agree if the denial is based on the lack of medical necessity.

Action on your claim, including any denial, will be given in writing by Anthem Blue Cross, including the reason for any denial. If you do not agree, either you or your attending Physician, acting as your authorized representative, may request reconsideration. This request must be made in writing to Anthem Blue Cross within 60 days of the denial of your claim and must give the reasons you believe the claim should be paid and should include any additional information that would affect the decision. To request reconsideration you may write to Anthem Blue Cross at P.O. Box 60007, Los Angeles, CA 90060-0007, Attn: CAHP Unit or file online through the Anthem Blue Cross website at www.anthem.com/ca. Anthem Blue Cross will acknowledge receipt of a reconsideration request by written notice to the complainant within 20 days. Anthem Blue Cross will then either affirm or resolve the denial within 30 days.

If Anthem Blue Cross affirms the denial or fails to respond within 30 days after receiving the written request for review and you still disagree, you may proceed to STEP 2, STEP 3, or STEP 4.

NOTE: You should follow Anthem Blue Cross’ grievance procedure listed above for disputes over coverage and/or benefits, or if you are dissatisfied with the quality of care or your access to care. For matters of eligibility, you should contact the CalPERS Health Account Management Division at P.O. Box 942715, Sacramento, CA 94229-2715.

Procedures for grievances not resolved after completing STEP 1:

1. **Covered grievances:** If you have followed Anthem Blue Cross’ grievance procedure listed above and are still dissatisfied, you may proceed to STEP 2: SPECIAL REVIEW PROCEDURES FOR DENIAL OF EXPERIMENTAL OR INVESTIGATIONAL TREATMENT; STEP 3: INDEPENDENT EXTERNAL REVIEW; or STEP 4: BINDING ARBITRATION (OR SMALL CLAIMS COURT). If your coverage/benefit dispute is within the jurisdictional limits of small claims court, you must proceed through that court.

2. **Eligibility grievances:** These issues should always and only be referred directly to CalPERS at the address noted above.

3. **Malpractice grievances:** Claims of malpractice must be taken up directly with the provider(s) of medical care.

4. **Bad faith grievances:** You must proceed to STEP 4: BINDING ARBITRATION (OR SMALL CLAIMS COURT) for claims for benefits involving charges of bad faith.

STEP 2: SPECIAL REVIEW PROCEDURES FOR DENIAL OF EXPERIMENTAL OR INVESTIGATIONAL TREATMENT

The Member may request an independent review of a coverage decision for services that Anthem Blue Cross has denied as being Experimental or Investigational if all of the following criteria have been met: (1) the Member has a terminal condition, and (2) the Member’s Physician certifies that standard
therapies have been ineffective or would be inappropriate, and (3) either the Member's Physician certifies in writing that the denied therapy is likely to be more beneficial to the Member than standard therapies, or the Member (or the Member's Physician) has requested a therapy that, based on documented medical and scientific evidence, is likely to be more beneficial than standard therapies. The Member will be notified in writing by Anthem Blue Cross of the opportunity to request this review when services are denied.

This review may be requested in place of or in addition to a reconsideration request made of Anthem Blue Cross as set forth in STEP 1 on the previous page.

If the independent review affirms the denial and you still disagree, you may proceed to STEP 3 or STEP 4.

**STEP 3: INDEPENDENT EXTERNAL REVIEW**

If the Plan Member remains aggrieved by a decision of Anthem Blue Cross after reconsideration of a denied claim he/she may request further review by an independent external reviewer. Such request must be in writing, unless Anthem Blue Cross determines that it is not reasonable to require a written statement. You do not have to re-send the information that was submitted under Step 1 or Step 2 of the grievance procedures. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an expedited external review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including Anthem Blue Cross’ decision, can be sent between Anthem Blue Cross and you by telephone, facsimile or other similar method. To proceed with an expedited external review, you or your authorized representative must contact Anthem Blue Cross at the phone number listed on your ID card and provide at least the following information.

- The date (s) of the medical service;
- The identity of the claimant;
- The specific medical condition or symptom;
- The provider’s name;
- The service or supply for which approval of benefits was sought; and
- Any reasons why the appeal should be processed on a more expedited basis.

All other requests for external review should be submitted in writing unless Anthem Blue Cross determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross Life and Health Insurance Company  
ATTN: Appeals  
P.O. Box 4310  
Los Angeles, CA  91365-4310

**You must include your Member Identification Number when submitting an appeal.**

Such request must be submitted to Anthem Blue Cross no later than 4 months following Anthem Blue Cross’ final determination of payment under Step 1 or Step 2 of the grievance procedures.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek external review will not affect your rights to any other benefits.
under this health care Plan. There is no charge for you to initiate an independent external review. The external review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA (if applicable).

If the independent external reviewer affirms Anthem Blue Cross' denial and you still disagree, you may proceed to STEP 4.

**STEP 4: BINDING ARBITRATION (OR SMALL CLAIMS COURT)**

If you do not use STEP 2 or STEP 3, or if they do not apply, binding arbitration is the final step in resolving your grievance, except any dispute regarding a claim for damages within the jurisdictional limits of the small claims court must be resolved in such court. A small claims court judgment cannot be appealed.

By enrolling in this Plan, you agree to waive your constitutional right to have any such claim decided in a court of law or before a jury and instead accept the use of binding arbitration.

The steps for binding arbitration are as follows:

1. Binding arbitration is begun by you making written demand on Anthem Blue Cross.

2. The arbitration will be conducted by Judicial Arbitration and Mediation Services (JAMS) according to its applicable Rules and Procedures. If, for any reason, JAMS is unable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by mutual agreement of you and Anthem Blue Cross or by order of the court, if you and Anthem Blue Cross cannot agree. The arbitration shall be held in the State of California. Copies of such arbitration rules are available from Anthem Blue Cross.

3. **THE ARBITRATION FINDINGS ARE FINAL AND BINDING**, except to the extent that California or Federal law provides for the judicial review of arbitration proceedings.

Questions about your right of appeal, all notices required of you to initiate these rights and any demand for arbitration not available through the local medical society should be directed to Anthem Blue Cross, P.O. Box 60007, Los Angeles, CA 90060-0007, Attn: Claims Appeal Department.

NOTE: Authorized Referrals are not available for providers located outside of California or for Members who reside outside California, unless the out-of-state provider is located within a 30-mile radius of, or 30 minutes normal travel time from, the residence or place of work of an active Employee who lives in a state bordering California. If it exceeds that range, the expense must be justified based on the complexity of treatment or severity of the condition in a specific case. Some providers charge much more than the C&R Charge and the Member is responsible for paying all of that excess expense, in addition to any deductible and co-insurance amounts, amounts over stated benefit maximums, and any other non-covered expense.
